Issue No. 12 Vol. 28

WINNIPEG — Winnipeg's mayor, Bill Norrie, accepts a \$668.00 donation to the education fund for the two children of the late Mayor Robert Steen from the Commander of Canadian Forces Air Command, LGEN G.A. MacKenzie, at his Winnipeg headquarters. Donations came from both Air Command headquarters and the Winnipeg Wartime Pilots and Observers Association, an organization of airmen going back to the First World War. LGEN MacKenzie said "the late mayor was a true friend of the military and a strong advocate of the Winnipeg military community. The contribution," he said, "is a tribute to the memory of Mayor Steen."

100th ANNIVERSARY

WINNIPEG — Members of seven Manitoba cadet corps took part in a centennial parade and demonstration in Assiniboine Park at 1:30 p.m., Saturday (June 9) to mark the 100th anniversary of the establishment of the Army Cadet League in Canada.

Corps from Winnipeg, Portage la Prairie and Stonewall, including cadets from Morris, took part.

To mark the centennial event, Premier Sterling Lyon issued a proclamation in which he said that "it is in the public interest that the work of cadets and their leaders be given official recognition," and the "thoughtful observance" of Army Cadet Day "is commended to all citizens of the Province."

Reviewing officer at the Saturday afternoon parade and demonstration was the deputy commander of Air Command Headquarters in Winnipeg, Major-General K.J. Thorneycroft. Accompanying him was the president of the Manitoba Army Cadet League, BGEN Charles J. Hamilton, a Winnipeg insurance executive.

The Army Cadet League is designed to teach leadership, an appreciation of citizenship, an enhanced degree of physical fitness and such skills as orienteering and outdoorsmanship. Each cadet corps is sponsored by a community organization such as a Militia unit, a community club or branch of the Royal Canadian Legion.

Membership is open to boys and girls 13 years of age and older. Members who complete initial training are eligible to attend summer camps across Canada and, in some cases, in foreign countries. Manitoba currently has 17 cadet corps, comprising about 700 members.

Corps taking part in the "parade in the park" Saturday afternoon were No. 19 Royal Canadian Artillery Corps, Portage la Prairie; No. 407 Queen's Own Cameron Highlanders of Canada, Winnipeg; No. 526 Winnipeg Grenadiers; No. 122 Fort Garry Horse, Winnipeg; No. 2497 Winnipeg Service Battalion; No. 2825 Stonewall (Royal Winnipeg Rifles) and No. 270 Princess Patricia's Canadian Light Infantry.

CF MEMBER WINS

OTTAWA(CFP)—A member of the Canadian Forces has won the Financial Management Institute (FMI) writing award for 1979.

He is MGEN John Tucker of Toronto, currently chief, financial services at National Defence Headquarters (NDHQ), Ottawa. He becomes the first Forces' member to win the annual FMI-sponsored

writing competition, based on financial management, open to members of the association.

The winning article - "A Practical Approach to Work Planning in the Public Service" - was judged on its thoroughness of research, originality and creativity of thought, materiality and relevance of contents, and clarity of expression.

The FMI, an affiliate on the Federal Institute of Management, is an association of federal government officials in the financial administration and auditing groups and others employed or interested in financial management in the public service.

At a joint meeting of the FMI and the Institute of General Manage-

ment held in Ottawa on May 9, MGEN Tucker was recognized for his achievement by being presented with an Olympic coin and \$100.00.

MGEN Tucker's article will be published in a forthcoming issue of the Bureau of Management Consultant's publication, Optimum.

COMMANDER SHELLED

Shelling is not always an unhappy event. So these smiling faces show. It was an occasion recently when LCOL W.R. Spence, Commanding Officer of the Royal Winnipeg Rifles presented a shell casing to the Base Commander, COL John Allingham. The polished, engraved shell was spent during the Royal Salute to His Royal Highness, Prince Charles, on his arrival at Winnipeg to visit his regiment, "the Little Black Devils", and was presented to the Base in recognition of all the support and co-operation given by all personnel to the Royal Winnipeg Rifles during the Royal Visit. From left, the smiling devils are, LCOL R.E. Werry (RWgR); COL Allingham; LCOL Spence; CAPT A.J. Currie, Base Information Officer, and CAPT W.D. Kuebler (RWgR). (BASE PHOTO)

SQUADRON

Aerospace Systems Course 31 is completed. It started in September with a heavy academic workload but the academics tapered off after Christmas. Granted that the workload didn't - it just changed direction from pure academics to application. The tours of course sounded like enforced relaxation until the continuous travel, endless briefings and the long waits in so many terminals brought reality home. And summarizing information gleaned from so many sources in concise reports proved difficult to achieve in the first draft - or second - or

The course project was presented to LGEN MacKenzie, BGEN Veronneau and representatives of sponsoring agencies in a symposium on the 18 - 19 June, 79. The study of CF requirements for vertical take-off and landing aircraft over the next two decades was well received and discussion with senior officers who have reached different conclusions or even the same conclusions with different arguments was the culmination of the course. After the Generals listened to the technical presentations they crossed the technical "t" with a reminder of current fiscal limitations.

Postings follow the completion. The USAF exchange officer soon becomes MAJ Cimino, and stays on staff to instruct ASC 32, as does CAPT Malcolm. CAPTs MacLean and Noseworthy move a little farther away - to offices within Aircom. CAPTs McLaughlin and Sexton are going the farthest - to Greenwood on

the Aurora simulator and in Base Ops respectively. Ottawa will see the majority of the course graduates with CAPTs Benson and Elieff going to DAR, CAPTs Johnson and Steele to DAP, CAPTs McKay and Watkin to DAASE, CAPT Gauin to DEEM and CAPT Luke to DAEM. Cold Lake and AETE is not the cold shoulder some think it to be, but CAPTs Helsby and Robichaud and their families will come to terms with the place with the knowledge that CAPT Sponder went the other way to Colorado Springs for an exchange position with the USAF.

The Aerospace Squadron staff is undergoing its annual shuffle to ensure that all aspects will be covered next year. MAJ Sharpe is in Europe preparing for the EW course the Squadron will become responsible for, and Al Wetzel is attending the School of Instructional Technique. After having instructed for a year . . . OJT you know . . . Al was wondering what they were trying to tell him.

cfans news corner

NAV By CAPT. R. E. ALP SQN

The Conservatives are in; the Liberals are out; The city didn't flood; the sun is shining at last; The Jets made it and the Winnipeg City Police have been authorized to wear summer dress now that things are warming up. At least they waited until the sun DID shine!

With the advent of warmer weather and longer days we are witnessing several phenomena around the school; some of our new windows actually open, I've discovered, allowing fresh air to enter the building; there really is grass outside, although much of it has been mutilated beyond recognition; it is possible to see as well as hear aircraft taking off and landing — as most of our students can readily attest too; larger standing fans ARE available from somewhere and are usually found in the most awkward of places; the staff of the MET school downstairs can and do smile — after all they did say the snow would go away eventually, and it did!

It seems the final disappearance of our winter snows has uncovered all sorts of wonderful things — the running track, the shooting range, the runway, my car. Of course we have to do a serviceability check on all these things and the spring madness has been in full swing now for a week or two with everyone — or almost everyone — running, walking and shooting. John Prendergast let us all down this year by passing his first shoot-out thereby missing the remedial shooting many of us will have to participate in. Disappointing state of affairs, but then just when you think you have a Major pegged he ups and does something rational! Speaking of Majors, brings us to the latest episode in the never ending saga of the transfer. Yes, Virginia, there IS a career manager for CFANS navigators and he/she leapt out of the woodwork the other day and managed Bert Proulx all the way to Gypsumville to be the new CO. The staff here are already aligning their sights, baiting their hooks and buying shares in Beaver Bus Lines in readiness for the exodus every weekend to the B.P. Hunting and Fishing Emporium. Good luck, Bert, keep the creek a-runnin! Earl Mohns didn't get transferred to Victoria yet.

Our summer courses have begun and the halls are slowly filling with fresh-faced eager young cadets looking for instruction and enlightenment in the art of navigation and other sundry duties. Oh! to be twenty again and starting out in this business, looking forward to a career as an ASO on the Aurora. Two transfers and you retire. Some of my old-time buddies did that too — on the '64 five hundred list. Also around for the summer season is Doug Munro who is helping out in the Basic Nav. shop.

Is there any truth to the rumor department. Ron Hysert doesn't own a car, just a bicycle. Brian Handley keeps his bike on his desk. Earl Mohns DID get transferred to Victoria. Air Command Captains cannot translate the letters BDO. Bert Proulx hates fishing. Art Morton is based in Thunder Bay and does his TD here. Bernie Martin came to work the other day at eight o'clock. Barry Stannard is going HS.

For those of you with a smattering of knowledge about the navigation business, and even for those of you without, here is a news flash. As of the end of this year, we will no longer be teaching the techniques and wizardry of airplot. This news will no doubt come as a shattering blow to all you old line guys out there but take heart — the system prevails. Last week we got a completely revised and renewed airplot trainer to play with — for six months! Who said initiative and hard work were dead? Last but not least we leave you with this final word. Robbie Robertson is going to 435 Sqdn. in Namao in August. God Bless, Robbie, good luck.

PHOTOGRAPHY CONTEST

The Canadian Armed Forces photography contest took on an international flair this year. Not only was it held outside of Canada for the first time but also one of the official judges was a German National.

Rolfe Dieterle, a German professional photographer, who operates a large photo shop in Lahr, West Germany accepted CFE's invitation to be one of the three-member panel of judges for the contest. With Herr Dieterle was Ms. Wendy Snowdon, also a professional photographer and co-contributor to a recently released photographic book on the Lahr area called "Geroldsecker Country", and Chief Judge, Major Bill Whitehead, formerly a Forces photographer and currently Senior Public Affairs Officer in Europe.

The top winners for 1979 were: **Professional Photographer of the Year** - CPL R. Tremblay, CFB Shearwater; **Amateur Photographer of the Year** - Christine Kemp, CFB Chilliwack; and **Best in the Show** - CPL R. Tremblay, CFB Shearwater.

Winners in the professional categories for prints were: **Military Life**: CPL J.T. MacDonald, CFB Summerside, with honourable mentions to CPL R. Tremblay, CFB Shearwater and MCPL J.R. 18 MEDICAL COMPANY

The 18 (Thunder Bay) Medical Company has placed third in a country-wide efficiency competition for Canadian militia medical units.

20 medical units from the Maritimes to British Columbia took part in the competition known as the Ryerson-Shillington and Defence Medical Association competition. The units were tested for their training, organization, administration and over-all performance.

The Thunder Bay unit, under the command of MAJ (Dr.) JR Wilson with regular force support from SGT WR Orman, trains twice weekly at the Port Arthur Armoury.

The competition was won by the 52nd Med. Coy. of Sherbrooke, Quebec. Placing second was the 35th company of Sydney, Nova Scotia. Thunder Bay was only a half of a percentage point from tying for second place.

NORTHERN NEIGHBORS DAY

Minot Air Force Base's annual open house, Northern Neighbors Day, is set for 22 Sep 1979 to coincide with the base's celebration of the 32nd anniversary of the US Air Force.

Originally set for 16 June, the date was changed by base officials to avoid conflict with the Air Force mission and to give the public an opportunity to visit and see one of the largest operational bases in the Strategic Air Command (SAC) during the anniversary celebrations.

Arrangements are being made to have the SAC Band perform during the day and to also have special exhibitions, demonstrations and air shows.

The base will be open from 8 a.m. to 5 p.m. and there will be tours of the different areas at the base plus static displays of the air craft assigned here.

Base officials stated that is the right of every citizen to inspect the nations defenses and see where their defense tax dollars go.

Attendance is expected to exceed 20,000 again this year, officials added.

141 YEARS SERVICE

On 25 May 1979, six members of 733 Communication Squadron were presented with awards commemorating a total of 141 years of faithful service. MAJ Gord Shufflebotham presented CDIs to MCPL Bob Knight, SGT Dunk Cummings and MWO Arnie Briese. To Mr. Ted Higham, Mr. Robert Gottschalk and Mr. Benny Crooks, MAJ Shufflebotham presented plaques for 25 years combined Civil and Military Service. Congratulations and keep up the good work!

ROUNDEL FLYS AGAIN

An RCAF Roundel once again flew over Winnipeg recently. No, CFB Winnipeg has not been upgraded to RCAF Station Winnipeg. The Roundel flew because a company called The Film Factory Productions Ltd. were shooting scenes from a Remembrance Day film to be shown on CKND-TV in Winnipeg. This photo shows a sequence which depicts a Vera Lynn World War II stage show taking place somewhere in England.

MET MUSING

May 1979 was the coldest May since 1945 at Winnipeg and the fourth coldest on record. May was also the eighth consecutive month with temperature below freezing.

So far, June has been a very good month with little precipitation and temperatures near normal. To date, our maximum temperature was recorded on June 13th when the mercury reached 34° C.

Over the past few weeks, CFB Winnipeg's weather office was affected by quite a few changes:

MWO Cunningham departed for CFB Cold Lake on May 24th. Good luck Jim.

Denis Massicotte was promoted to WO to take over the office.

SGT Norm Nordstrand decided that 29 years of service was enough and is leaving shortly for sunny B.C. Best of luck on "civvy street" Norm.

SGT Reg Fitzgerald completed his 6B course at CFS Met last week. Congratulations Reg and welcome back.

SGT Lloyd Hall is heading for Halifax this weekend to attend a two week course on how to board a ship.

A very warm welcome is extended to SGT Kenn Garrity who reported to 16 Hangar last week after spending a couple of years at CFS Met.

Until next Time, Sunny Skies.

WAR AGAINST RISING PRICES

W.A.R.P. (War Against Rising Prices) is a highly successful consumer organization originating in Ontario. It was started by three women who finally got fed up with the high inflation rate of groceries. They have originated a bi-monthly boycott list to include items guilty of drastic price increases. We also encourage consumers to follow these boycott lists from either the paper or from radio stations. Also NOT to buy the boycott items even if they are at reduced prices during the boycott period as this will defeat the purpose of W.A.R.P., that being to have some long term effect on pricing policies. Please help stop radical grocery inflation by following the boycott lists. The current boycott list effective until the 28th of June includes: oranges, bananas, canned fish, imported cheese, instant coffee, fruit drinks and frozen vegetables. For further information, or to obtain a W.A.R.P. button please contact Bev Larkman at 889-9634 after 5.

W.A.R.P. MEETING

There will be a W.A.R.P. meeting on the 3rd of July. Guest speaker for this meeting is Marie Seckler, one of the founding members from Ontario. Time and location will be carried on the radio and in city newspapers.

VISIT VENUS WITH BONEY M

The electronic voice welcomes the listener on the first flight to Venus. As the 'voice' counts down through ignition and liftoff, the background vocals blend in as the music starts. Boney M has arrived.

Maizie Williams, Liz Mitchell, Marcia Barrett and Bobby Farrell, better known as Boney M are probably the slickest produced, most imaginative group to hit the charts since KISS. Their music is smoothly textured with excellent counterpoint harmonies and incredible backing musically and electronically.

RASPUTIN

Boney M is the brainchild of producer Frank Farian who brought the members together and saw them go through the hit stages of "Daddy Cool", "Ma Baker" and their album "Love For Sale".

Their current album "Nightflight to Venus" (Atlantic KSD-50498 - marketed in Canada by WEA Music) is a testimonial to the brilliance of Farian and the individual members of Boney M.

After being one of the biggest groups in Europe, Boney M tackled the socialist world of the USSR. While they were prohibited from playing their runaway smash "Rasputin", the story of the Russian monk that rose to

political prominence under the Czar, the quartet managed to cut a swath through the red (no pun intended) tape and turn on Moscovites with a dazzling show that had them boogeying in the aisles. They did a turn away business throughout their Russian stint, but that's nothing new to Boney M they also did the same thing in Yugoslavia and Hungary, along with all of Europe, the Middle East and Africa.

EXPLOSIVE

Boney M is as explosive on wax as they are on stage and their "Nightflight to Venus" is an example of their blow you away talents. Opening with the "Venus" track, Boney M segue into the "Rasputin" story and groove their way through "Painter Man" and "He Was A Steppenwolf".

Somewhat surprising is their disco version of Roger Miller's classic "King Of The Road". This cut is done with the female vocal lead while Bobby Farrell comes in on the chorus. Beautiful effect. They render their already proven hit "Rivers of Babylon" and use sound effects to good advantage as they take the listener on a trip through a "Voodoo night".

"Brown Girl In The Ring" is a happy-go-lucky tune that moves with an infectious beat and could be a hit in any format. Set rounds out with "Never Change Lovers in the Middle of the Night" and Neil Young's golden "Heart of Gold" which is opened with harmonica and then joined by solo lead and harmony vocals. One of the best albums of the year!!

BERTHELETES CAPTURE

CFB Winnipeg's Warrant Officer Morris Berthelette, 42, and his son Les, 23, both of 164 Braintree Crescent recently travelled to Sudbury, Ontario to compete in the Mr Northern Ontario, Open and the Mr Northern Ontario, Over 40 Bodybuilding competitions. Their intention was to use the Ontario contest as a warm up for the upcoming Mr Manitoba and Mr Western Canada events to be held the 25th and 29th of June respectively, during the Red River Exhibition. If the Sudbury contest was a warm up I would hate to see the Bertheletes in full action! Morris and Les walked away with six of a possibly seven trophies from the body building competition that drew contestants from across Canada, some as far away as British Columbia.

Notably, Les came first in the medium class and also won the grand championship in the open competition. His father Morris took first place in the over forty category as well as winning "most muscular" in the over forty. Since the Sudbury competition is the only one forecast for the over forties in Canada, Air Command Headquarters Security employee Warrant Officer Morris Berthelette can claim to be the best in his class across the nation.

Personnel wanting to catch a glimpse of the muscular celebrities in action are advised to attend the Mr Manitoba and Mr Western Canada competitions at the Red River Exhibition. Morris and Les have and will continue to train in the CFB Winnipeg Westwin Gymnasium Weight Room. Congratulations Morris and Les and good luck in the upcoming events.
