

Some Yesterdays

Seventeen years ago, Feb. 1, 1969, the RCAF entered the Canadian Government's unification process, along with the Navy and Army, to become part of the newly-designated Canadian Armed Forces. In the process, the air element acquired aviation elements of the sea and land components.

Raises \$22,000

CFB Winnipeg leads CF in Terry Fox run

I recently have had occasion to review the NDHQ post-event report on the Terry Fox Marathon of Hope, which took place last Sept. 15, and was delighted to note that, both in terms of the number of participants and the amount raised, CFB Winnipeg led the Canadian Forces.

With some 2,000 participants and \$22,000 donated or pledged, we have doubled the number of runners and walkers and raised twice as many dollars as the next successful military community.

A special vote of thanks is due to all of you who participated and made the run such an outstanding success. In particular, I would like to single out the officers and men of 3 RCR and the B Per O and his staff for their efforts in support of this very worthwhile undertaking.

To one and all, well done.

S.E. McGowan
Colonel
Base Commander

Je viens d'avoir l'occasion d'examiner le rapport du QGDN sur le Marathon de l'espoir Terry Fox qui s'est déroulé le 15 septembre dernier. J'ai été très heureux de constater que la BFC Winnipeg vient au premier rang dans toutes les Forces canadiennes tant pour le nombre de participants que pour le montant d'argent recueilli.

Avec quelque 2 000 participants et 22 000 \$ en dons ou engagements, nous avons eu deux fois plus de marcheurs et coureurs et nous avons recueilli deux fois plus d'argent que la collectivité militaire au deuxième rang.

Je voudrais remercier tous ceux et celles qui ont participé à la course et qui en ont fait un franc succès. Je tiens à souligner, entre autres, la contribution des officiers et non-officiers du 3 RCR et de l'O EPL (B) et son équipe au succès de cette entreprise. À tous, félicitations pour votre beau travail.

Le commandant de la Base,
le colonel S.E. McGowan

Doctor: You've had some trouble with Angina Pectoris, haven't you?
Patient: You're right, Doc. but that ain't her name.

Does your wife miss you much?
No, she throws remarkably straight for a woman.

Fifth-wheel warriors combat that "white stuff"

By Sgt. R.A. Elder

In case you haven't noticed (heh, heh), the 1985-86 winter season is upon us again for its six-months-or-so stay. One quick glance will confirm that indeed we are well into the season of snow and ice.

To assist you in getting to work each morning and allow you a place to park your car, some 16 military and civilian personnel, split into two crews, are busy working day and night in the Base Transportation's Heavy Equipment sub-section.

The section is responsible for clearing snow and ice on approximately 10.36 miles of roadways, 375,000 square feet of runway aprons, taxiways and ramps, in addition to the 1,055,450 square feet of parking lots.

If your parking lot is not cleared of snow on the first day of a storm, be patient, we will get to it soonest.

We take this opportunity to introduce ourselves to you and extend our best wishes and fullest SNIC support to all in this new year.

SNOW CREW NO. 1 — Front, left to right, are Sgt. Rick Elder, hal Boehm, Ray Lodders, MCpl Rick Dyck, Mile Dell and Wayne Horn. Second row: Cpl. Roland Smith, Cpl. Diane Anderson, and Roy Molberg. Missing are Cpl. Brad Eadie and Samantha Wattie (BASE PHOTO SECTION)

EARNs FIRE SAFETY AWARD — Joseph Chevrier, 15, centre, displays a fire safety award presented to him for his actions in dousing a greese fire in the kitchen of a CFB Cold Lake PMQ last June. Major A.G. Dempsey, Base Construction Engineering Officer, left, presented the award. Right is Major Pierre Chevrier, Joseph's father, a member of CFANS. Only Joseph and his mother were in the house at the time. Because of his quick actions, no damage resulted. Joseph attends Shaftesbury High School in Tuxedo.

Dear Editor:

The imminent withdrawal of the CF-104 Starfighter from our air force's inventory will be marked by various events, mostly planned to occur in Europe. For those not able to attend the "over-there" party, a Last Starfighter party will be held at CFB Cold Lake on Saturday, 1 March 1986.

With the anticipation that you can find it in your heart (such as it is) to spare us the space, an advertisement for this event accompanies this note. We ask your assistance in reaching past and/or present Zipper drivers — airframe for this finale to a grand old girl.

For those of you who choose not to print, a curse on your lay-up staff.

Thanking you in advance,

Dear Sir:

Revenue Canada, Taxation, coordinates a Volunteer Program, a community assistance program bringing income tax help to people who need it.

Through the Volunteer Program, volunteers are trained by Revenue Canada staff on the fundamentals of

completing a tax return. These volunteers then help people such as senior citizens and low-income families by completing their tax returns for them.

In 1985 we had approximately 105 volunteers who were able to assist people in over 110 community organizations, drop-in centres and senior citizens residences.

This year we would like to expand our program. In order to do so, we need more volunteers. We hope you will assist us in this regard by appealing to your readers. I am enclosing a brochure for our 1985-86 program.

If you have any questions about the Volunteer Program, please call me at 949-8990.

Thank you for your anticipated assistance.

Yours truly,

MEMBERSHIP

There are some 18 members who

did not renew their membership this year. If we can all work together in making No. 500 Wing a "Going Concern," no doubt the membership will pick up again. How about YOU doing your bit!

A membership drive project is now under way in the Wing to recruit some of the M.A.L.s in the City, and there are certainly a large number of former RCAF around, so lets get busy.

In case the question comes up, here is the way the membership fee structure works — 1 August to 31 January following, \$30.00; 1 February to 30 April, \$46.00 includes renewal fee for following year; 1 May to 31 July, \$38.00, includes renewal fee for following year. Sounds confusing but is really quite simple. The latter two instances cover fees for the balance of the current year, plus a complete year following.

FOOTNOTE

For anyone concerned about the dress code for the 29 March Dinner and Dance, it is Association blazer & slacks, or business suit. Ladies will dress appropriately to suit the occasion.

This bulletin is not intended to keep you informed so that you don't have to attend meetings! Those of you who have not been out for some time, how about coming out and making news instead of reading about it? There will be an election coming up in May, and your input or guidance will be appreciated. Best attendance at a meeting recently is 30. How about an advance on 30? as the auctioneer would say. We now have over 80 members!

Winnipeg families sought for foreign student exchange

International Student Exchange Programs (ASSE) is seeking Winnipeg families to host 15 Scandinavian, French, Spanish, German, Dutch, Swiss, and American girls and boys, 16 to 18 years of age, coming to this area for the upcoming high school year.

These personable and academically select European and American teens are bright, curious and anxious to learn about this country through living as part of a family, attending high school and sharing their own culture and language with their newly adopted Canadian family.

The students are fluent in English and are sponsored by ASSE, a non-profit, public benefit organization, affiliated with the Swedish and Finnish Ministries of Education and cooperating with the Canadian Provincial Ministries of Education.

The exchange students arrive from their home country shortly before school begins in late August and return at the end of the school year in June. Each ASSE student is fully insured, brings his or her own personal spending money and expects to bear his or her share of household responsibilities, as well as being included in normal family activities and lifestyle.

Students are well screened and qualified by ASSE. Families may select the youngster of their choice from extensive student applications, family photos and biographical essays. Students and families are encouraged to begin corresponding prior to the student's arrival.

ASSE is also seeking local high school students to become ASSE exchange students abroad. Students should be between 15 and 18 years old and interested in living with a European or American family, attending school and learning about the lands and people of Scandinavia, France, Spain, Germany, Holland, Switzerland, Britain, and the United States.

Students should have a good academic record and desire to experience a European or American culture and language through living with a warm and giving volunteer family. Academic year and shorter term summer vacation programs are available.

Persons interested in obtaining more information about becoming a host family or becoming a student abroad should contact ASSE's local representative, Donna Thain, 807 South Drive, Winnipeg, R3T 0C5 (Phone: 475-8111).

A hiker temporarily lost in the wilderness pulls a small box out of his backpack, presses a few buttons, then learns his or her exact location. A long-haul trucker in midst of an urban sprawl looks at a small dashboard display for guidance to the next destination. A family visiting a friend's new home hundreds of miles away drives unerringly to the doorstep, directed by dashboard electronics.

All are guided by a constellation of navigation satellites circling the earth. And all this can be happening very soon. In fact, some of us are already benefitting from earlier satellites, used for communications that link our phones and TV sets to a larger world.

The navigation satellites composing the Global Positioning System (GPS) already are seeing some military and commercial use, even before the system becomes fully operational in 1989. The full constellation will consist of 18 satellites, forming a "bird cage" around the earth at an altitude of 20,200 kilometers. Each satellite broadcasts precise time and location information.

Get a ground-based GPS receiver, and you're in the loop. The receiver tells you of your exact latitude, longitude, and elevation — continuously and anywhere in the world. Still sound like a dream? Well, several companies are already working to make it a reality.

A manpack made for the U.S. military was formerly the most compact unit, about the size of a portable

typewriter. The Magnavox Mini-GPS will be shirt-pocket-sized, dubbed "Virginia Slims." It measures 2" x 4" x 3/4" like the U.S. cigarette pack.

The dramatic size reductions are the result of two rather exotic technologies — Gallium Arsenide (GaAs) to shrink the size of the radio frequency receiver, and Surface Acoustic Wave (SAW) to reduce the microwave oscillator; further, these technologies are better suited to automated production, promising new economy for GPS receivers.

In spite of its compact size, the Magnavox Mini-GPS has the same broad capabilities and high accuracy as larger units. Its accuracy will be the same or better than the 10-35 meters quoted for current generation of receivers.

The compact size and potential for cost reduction with Magnavox Mini-GPS could well inspire broad use in both the public and private sectors. Projected applications on the civil side include police and fire departments, aircraft, trains, taxi cabs, hikers — virtually anything that moves over or has a place on the earth. By the year 2000, possibly sooner, we could be seeing many thousands of people enjoying the benefits of GPS.

Whether a geophysicist in an exotic clime, a farmer on the back forty, or a family on vacation — GPS could have a profound impact on the way we work, play, even view our environment. Being lost may ultimately come to mean "I left my GPS at home!" — and perhaps, not all that far in the future.

A celebrated lawyer once was asked what were the three most troublesome clients he ever had. He said:

A young lady who wanted to be married; a married woman who wanted a divorce, and an old maid who didn't know what she wanted.

Lawyer: Now, sir, answer yes or no. Did you, or did you not, on the date in question or at any time, say to the defendant, or anyone else, that the statement imputed to you and denied by the plaintiff was a matter of no moment or otherwise?

Bewildered witness: Yes or no, what?

Father: There, son, you have the story of your dad during the Second World War.

Son: Yes, dad, but why did they need all those other soldiers?

Young man: Am I good enough for you?

Young woman: No, but you're too good for anyone else.

Druggist (to stout wife): Don't come into the shop for a minute. I'm trying to sell six bottles of my fat-reducing mixture.

Customer: Scotch, please. Bartender: With water, sir? Customer: Water? I'm thirsty, not dirty.

OTTAWA — General Gérard C.E. Thériault, Chief of the Defence Staff, has extended the appointment of His Excellency, Archbishop Joseph L. Wilhelm MC, CD, DD, as Colonel Commandant, Canadian Forces Chaplaincy (RC) Branch to December 31, 1986. A native of Walkerton, Ont., he was appointed Colonel Commandant January 1, 1982.

Archbishop Wilhelm began his military career in 1927 with the Bruce Regiment (Militia) in Walkerton. He served until 1933, leaving with the rank of sergeant, to devote himself to church duties. He re-joined the Canadian Army in 1940 as a chaplain with the rank of captain.

Between August, 1941, and November, 1945, he served in the United Kingdom, Italy and Northwest Europe. His wartime decorations include the Military Cross for action at Agria Crossroad, Sicily in 1943; the 1939-45 Star, Italy Star, France and Germany Star, Defence Medal, War Medal 1939-45 and Canadian Volunteer Service Medal with clasp.

From 1948 to 1963 he served as chaplain to the Headquarters, 3rd Infantry Brigade (Militia), in Hamilton, Ont., after which he transferred to the Supplementary Reserve.

Archbishop Wilhelm retired from active church duties in March, 1982, after more than 48 years of dedicated service.

OTTAWA — Le général Gérard C.E. Thériault, chef de l'état-major de la Défense, a prolongé la nomination de Son Excellence l'archevêque Joseph L. Wilhelm MC, CD, DD, en tant que colonel commandant du Service de l'aumônerie (CR) des Forces canadiennes jusqu'au 31 décembre 1986. Ce natif de Walkerton (Ont.) a été nommé colonel commandant le 1er janvier 1982.

L'archevêque Wilhelm débute sa carrière militaire en 1927 avec le Bruce Regiment (Milice) à Walkerton. Il y devient sergent et quitte le service en 1933 afin de se dévouer à temps plein aux devoirs ecclésiastiques. Puis il s'enrôle au sein de l'Armée canadienne en 1940 au grade de capitaine en tant qu'aumônier.

Entre le mois d'août 1941 et le mois de novembre 1945, il sert au Royaume-Uni, en Italie et dans le nord-ouest de l'Europe. Ses décorations de temps de guerre incluent la Croix militaire pour un fait d'armes à Agria Crossroad en Sicile en 1943, l'Étoile de 1939-1945, l'Étoile d'Italie, l'Étoile France-Allemagne, la Médaille de la défense, la Médaille de la guerre 1939-1945 et l'agrafe à la Médaille canadienne du volontaire.

De 1948 à 1963, il sert comme aumônier au Quartier général de la 3e Brigade d'infanterie (Milice), à Hamilton (Ont.), après quoi il est muté à la Réserve supplémentaire.

Road to Resurrection

Dear Friends:

This Lent, all of us at Our Lady of the Airways Chapel and at St. George's Chapel are heading along the Road to Resurrection. You are invited to come along. If life is compared to a journey, how would you describe your present situation? Are you stuck in a rut? Going around in circles? Off the track? Fallen by the way side?

This Lent represents an important opportunity to pick yourself up, dust yourself off, and get back on the road again. Each Lent, the church reminds us that the painful lifetime journeys we make — separately, yet together — are journeys of hope. Jesus walked this way before us. He has shared our problems; he has experienced our pain. And he has reached the journey's end, fullness of life. Now he walks the road again at our sides, assuring us that it is, indeed the Road to Resurrection.

As a reminder, our Masses schedule is:

ASH WEDNESDAY — 1930 hrs — AT BOTH CHAPELS

Our Lady of the Airways Chapel:
Weekday Mass — 1930 hrs
Saturday Mass — 1700 hrs (English) — 1900 hrs (French)

Sunday Mass — 1115 hrs
St. George's Chapel:
Weekday Mass — 1830 hrs
Sunday Mass — 1000 hrs

We invite you to approach this Lent as a joyful adventure, an exciting challenge. We are not in competition with one another — we are companions encouraging one another along the way.

Sincerely,
Fathers Gaston Gagnon and Lindo Molon,
Your Pastoral Team.

Ensemble Vers La Resurrection!

Durant le Carême 86, vous êtes tous invités à prendre la route de la Résurrection. Si on comparait la vie à un voyage, quelle serait votre situation présentement? Seriez-vous enlisés dans la routine? Tourneriez-vous en cercle? Seriez-vous en dehors des sentiers battus ou tombés sur le bord de la route? Le Carême 86 se veut une excellente opportunité pour reprendre la route, enlever la poussière et faire un autre bout de chemin. Chaque année, durant le Carême, l'Eglise nous rappelle que malgré toutes nos misères humaines, notre pèlerinage sur terre en est un d'espérance. Jésus a parcouru ce chemin avant nous. Il a partagé aussi nos problèmes, nos difficultés, nos peines. Jésus a terminé son voyage et pour lui c'est la vie en plénitude. Maintenant il reprend la route à nos côtés, et, nous assurant ainsi que c'est la route de la Résurrection.

Nous serons là durant tout le Carême 86 pour vous aider à parcourir cette route.

Vos Aumôniers,
Pères Gaston Gagnon and Lindo Molon.

EXAMPLES OF WHERE YOUR SUPPORT IS GOING

LIONS EYE BANK — The Eye Bank acts as the confidential liaison between those in need of corneal transplants, the corneal surgeon, and donors of corneal tissue. More than 90 people are presently waiting for a donor so they may receive the Gift of Sight. With increased funding for equipment and promotional material, the Eye Bank's goal is to reduce the present one-year waiting period to three months.

MANITOBA LEARNING CENTRE — Recognizing and successfully correcting learning problems is the role of the Manitoba Learning Centre. Following diagnosis and assessment, teachers plan effective teaching strategies around each student's learning strengths and weaknesses to help restore the glimmer of understanding.

SPECIAL MEDICAL TREATMENT FUNDS — Education treatment to enable a multiple handicapped child to attend school, travel and accommodation costs for a person requiring major surgery or consultation with a specialist, these are examples of assistance given to Manitobans for special medical treatments or needs not normally provided through standard medical plans.
