MISSIONARY CHURCH

Sunday School 10:30 a.m.  
Service 11:30 a.m.

UNITED CHURCH

FROM THE EDITOR

I would like to apologize for the joke that was printed in the last issue, I thought I edited it in such a way that it would not offend anyone, but apparently I didn't, so I now say I am sorry it happened and I will endeavour to see that it doesn't happen again.

As to our staff problem, we are still trying to fill the following positions: Assistant Graphic Artist  
Assistant Make-Up.

I am going to be away for the next two issues, but there will be a Tumbleweed. So, if anyone is interested in these positions, call Gina Baily at 2641 for Graphics and Emeria Martin at 2260 for Make-Up. They will be glad to explain the work for you. I would like to thank Cpl. K. Peters for volunteering to become Assistant Editor.

Who is the Sgt that mays out tickets on malfunctions without prior approval?

Who's the officer's wife that requested Bar Service in the Ladies Wash-room in the WO/SGT's Mess?

Who's the officer who gives Bar Service in the Ladies Washroom in the WO/SGT's Mess????

Who's the Red Faced MCpl's wife that lets her car run out of oil, that's right oil!!

Who's the Cpl that figured out a way to get his wife payed for driving him to work??

---

I would like to thank all the women who walked in to my place on Sept 23 and gave me a Surprize Baby Shower. Thank you also to the women who signed the card but were unable to attend. The Umbrella Stroller and cash sure have come in handy.

Thanks again,  
Marty Jimmy.

ALSASK AND DISTRICT RESIDNET-DONOR'S CHOICE

At one time, a group of local canvassers met and decided to conduct a once a year canvas for funds to meet the requirements of various charitable organizations. It has been decided to continue this practice and this year the campaign will be conducted during early November. Once again the fund drive will be known as The Alsask and District Donor's Choice.

The advantages of a single drive to you, the contributor, are that it eliminates the bother of answering your door a great many times during the year and enables you to plan exactly what your charitable donation for the year will be.

The canvassers job is merely to collect the amount you have decided to donate to each of the agencies and the canvasser will then issue a receipt to you for the total amount. Receipts submitted with individual tax returns will be recognized by the Tax Department.

Collection forms will be delivered and will indicate the names of the agencies participating. A space is also provided in case you wish to donate to some agency not listed. The agencies listed are as follows:

- Can. Arthritis and Rheum. Society
- Can. Cancer Society
- Canadian Bible Society
- Canadian Heart Fund
- Canadian Red Cross
- Can. Nat. Institute for the Blind
- Muscular Dystrophy Ass'n.
- Sask. Assoc. for Mentally Retarded
- Salvation Army
- Mental Health
- Other

The person donating will mark in on the form just what amount they wish to give to each agency. The Secretary Treasurer for the combined canvassers will then forward the funds to the agency exactly as designated.

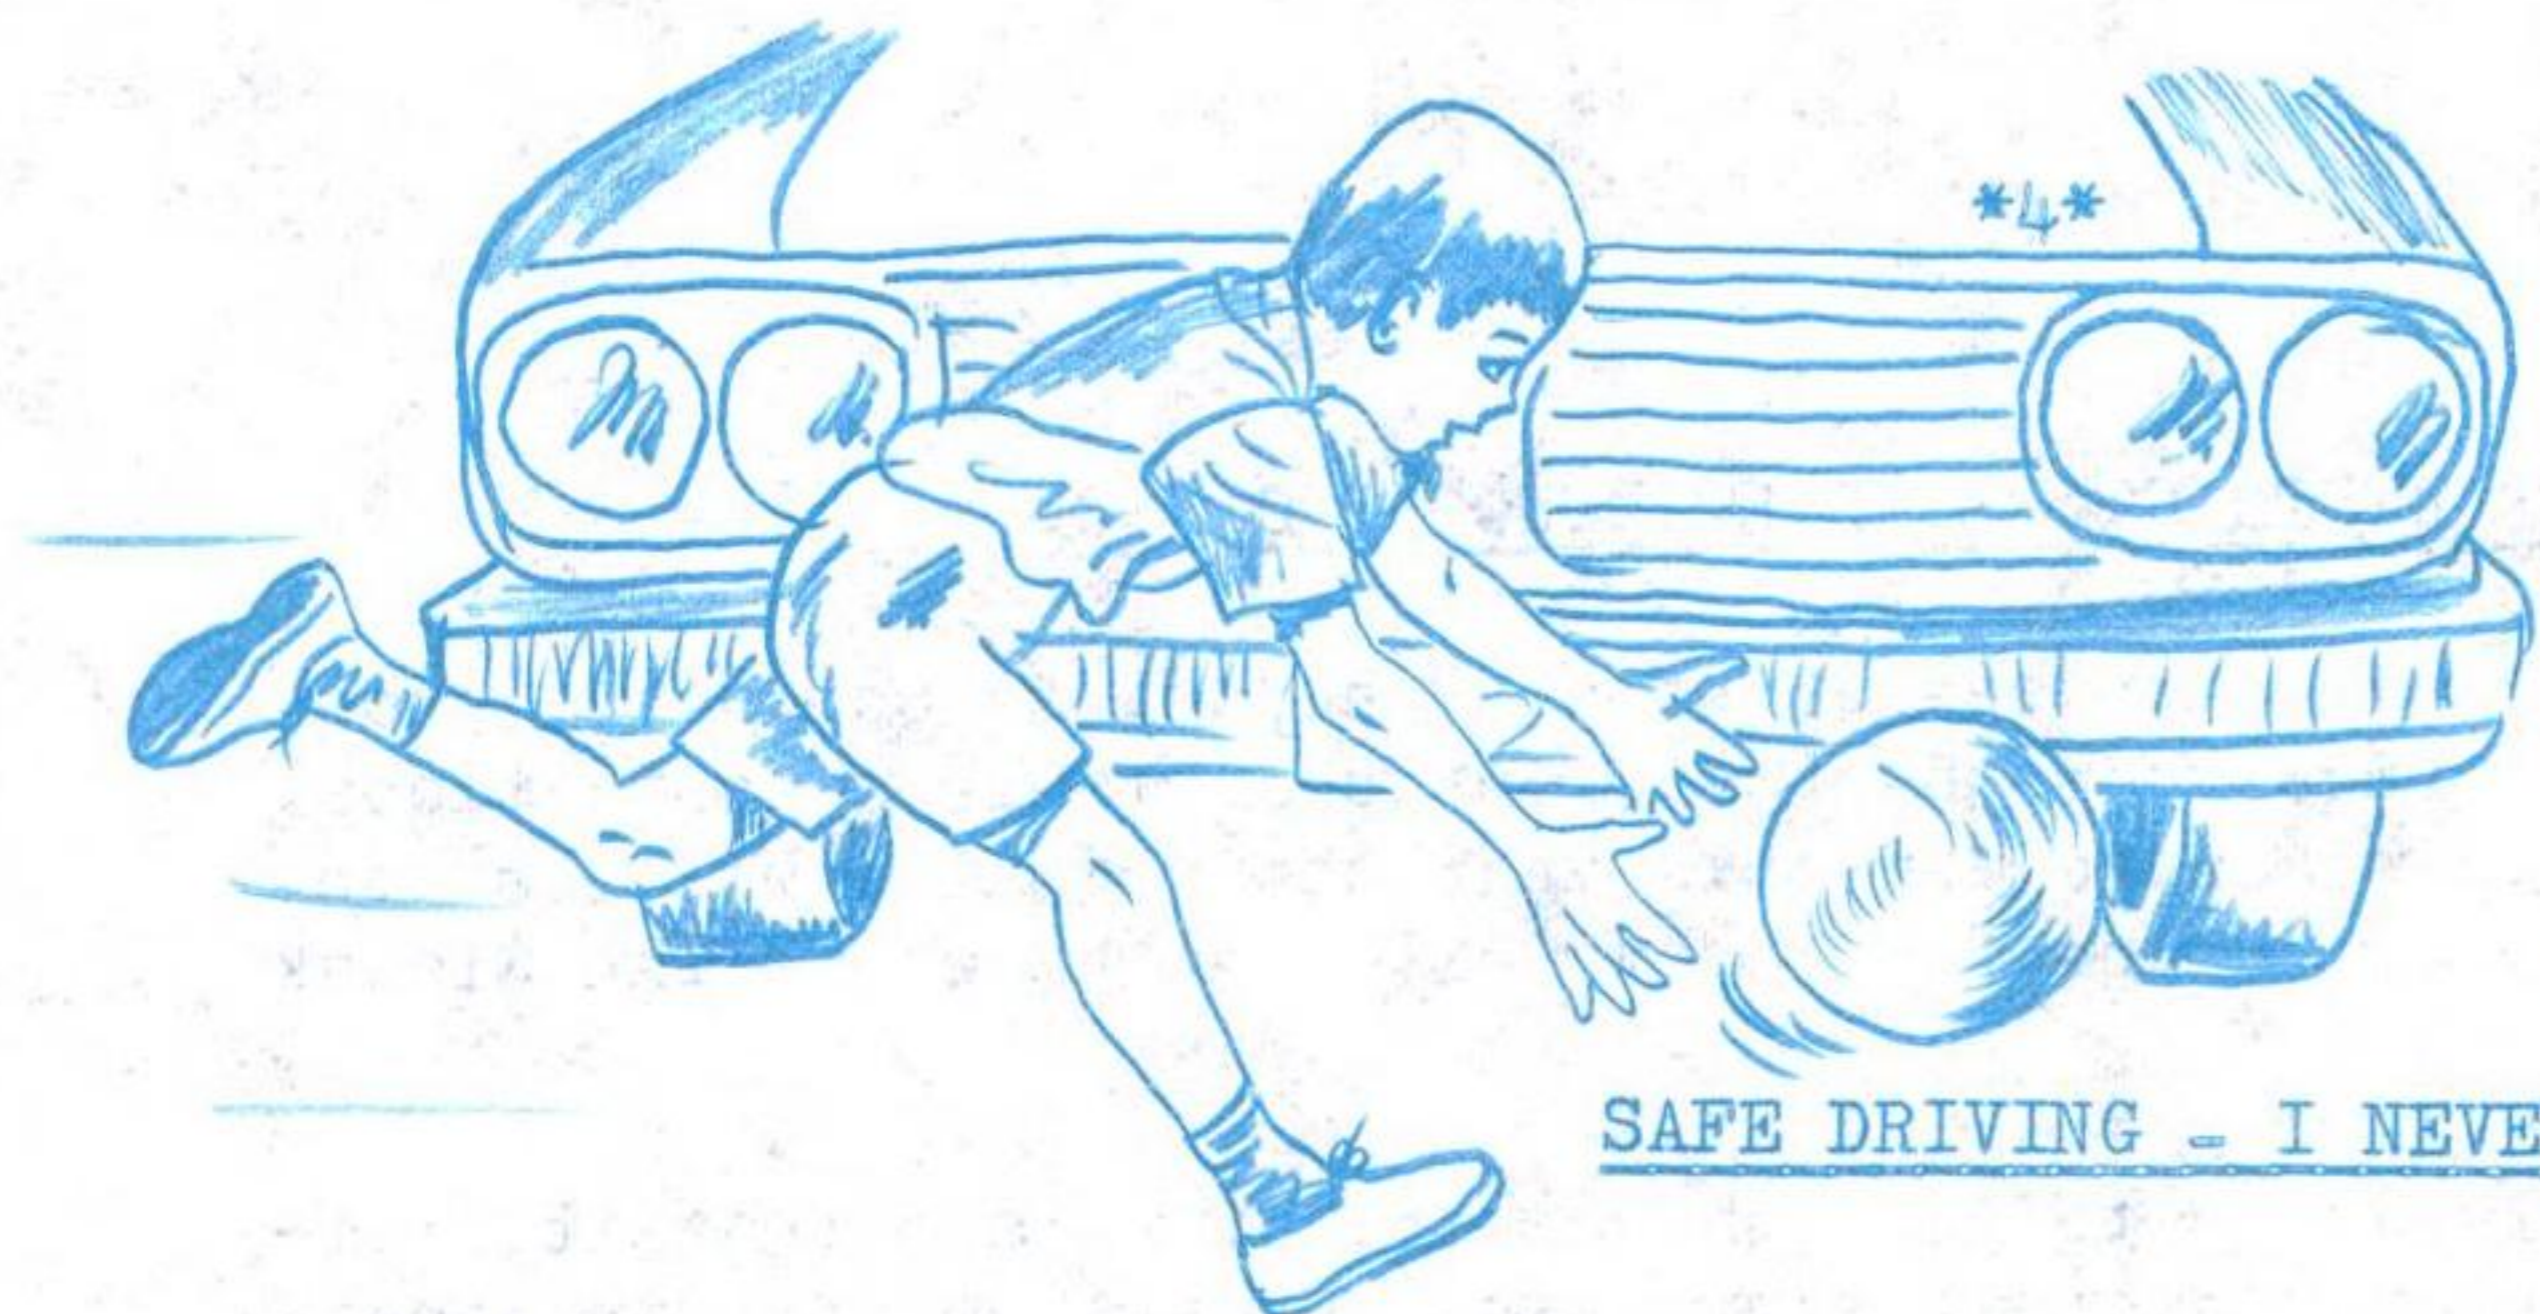

To assist the canvassers it would be appreciated if you would note, beforehand, your specific donation on the form provided. Also, one cheque, for your total donation and payable to The Alsask and District Donor's Choice, should be prepared.

This organization is something like the United Appeal, only with a combined canvass you have control over the funds which you donate and there are no administration charges.

If you have any questions, please telephone Mrs. Marion Apps for the Village of Alsask at 2206 and Mrs. Sheryl Coté for CFS Alsask at 2368.

---

"VIRUS" IS A LATIN WORD USED BY DOCTORS  
TO MEAN "YOUR GUESS IS AS GOOD AS MINE"

SAFE DRIVING - I NEVER SAW HIM

After you've analyzed a number of accident reports, you find certain phrases that pop up repeatedly. One of these is, "I never saw him..." Another is, "He came out of nowhere." The sad part about these statements is that in a way they're true. But the fact that they may be true doesn't make them valid excuses for an accident happening. What it does mean is that the driver either didn't know what to look for in the traffic stream or he was inattentive to what was going on - or, what is usually more common, he looked right at the source of danger but didn't see it.

How can you look right at something and not see it? Simple! The next time you see someone look at his watch, ask him a few seconds later what time it is. Almost without fail he'll look at his watch again. The first time he looked, he got only a vague impression of time in reference to some event. For example, he may have been thinking "it isn't time for lunch yet," or "I have plenty of time before I catch the train."

The eyes faithfully send impressions back to the brain the same way that a camera records all the details of a scene on the film. But even though the brain receives every detail of information that comes through the eyes, it is very selective in what it uses. It ignores everything except those items that are meaningful to it and have some bearing on the immediate situation. For example, when you're driving, your eyes will tell your brain that the sky is blue, the grass is green, there's an air-plane off in the distance, the on-coming cars are green, blue, black, etc. Even though all this is being fed in, your brain doesn't want to concern itself with all these details. What it's really interested in is what color the traffic light up ahead may be, whether the car coming at you through an intersection is slowing down or speeding, or that the pedestrian up ahead might step off the curb into the path of your vehicle. Through experience you've learned that those are some of the things that are important in driving or how to sort out important things from the unimportant ones.

The good driver knows he's got to keep his eyes moving--that he can't afford to stare at any one fixed point for more than a second or two. He knows that the faster he drives, the farther down the road he must look. He knows it's important to check his inside and outside rearview mirrors. His eyes are constantly moving--staying on one scene for only a second or two and then moving to another.

Good driving begins with good seeing habits. Seeing habits have to be developed through training and experience if you, as a driver, want to stay accident-free.

The good driver knows what to look for and how to use his eyes properly so nothing important is missed. Then, his brain receives the information it needs to direct him safely in traffic.

con't .....

SAFE DRIVING - continued

It works like a computer. If you put in the right information in the right way, you'll get back the right answers.

---

SUGGESTIONS FOR CONSUMERS

For the consumer who runs into a problem with the pricing of a new metric package, the Department of Consumer and Corporate Affairs and Metric Commission Canada, with the concurrence of the Anti-Inflation Board, suggest the following procedures:

1. The consumer should first discuss the matter with the store manager.
  2. If the consumer is not satisfied with the response received from the store manager, he or she should refer the complaint to the nearest office of the Department of Consumer and Corporate Affairs, or Consumer Help Office. Such offices can be located in the telephone book in most larger Canadian cities.
  3. If the consumer complaint office cannot resolve the issue, that office will refer the complaint to the headquarters of the Department of Consumer and Corporate Affairs.
  4. The Department of Consumer and Corporate Affairs will keep in close touch with Metric Commission Canada regarding complaints, so that the Department or the Commission can work with industry to take steps to correct any pricing problem needing adjustment.
  5. The Department of Consumer and Corporate Affairs will also be in close liaison with the Anti-Inflation Board regarding complaints of this nature. The Board may use this information in monitoring the pricing policies of companies subject to mandatory enforcement of the AIB guidelines.
- 

Alsask was represented at the Provincial Skeet Shooting Championship Tournament held in Lloydminster last Sunday by the following members of the Alsask Skeet Club-- Lorne Lymburner, Dave Moloy, Jack Driediger, Lorne Wilke and Jim Hawtin who won the Runner Up Trophy - Topped by Lloydminster who took first place.

Jim also picked up the "C" Class winner for the province and Lorne Wilke won the "D" Class Trophy.

COMMENTS FROM THE BROOM CLOSET

HI ALL:

Male chauvinist here! Well the Ops Site have been very quiet lately re floor hockey. Forgive me for suggesting such a thing but one would almost be led to believe it had something to do with the 10 - 3 score on Friday 01 Oct. Poor Pierre is just so upset with the fact there is off sides in the game. Its seems he can't stand by the opposition's goal all day, he has to work for his goals instead. I think your problem is you must of watched the Lefleur line too much during the Canada Cup Series. Standing by the opposition's goal all night is a Mahovlich trick. Its OK Pierre, we know you did your best. (such as it was).

Heeeey!!!! (as The Fonz would say). What do you think of the station's new Disneyland? - (CE and MSE). I think an added feature would be the drivers in pink uniforms and the vehicles painted yellow. Just think:

Instead of having a quarter guard, we could have the guys out in their pink uniforms doing the march of the wooden soldiers. They could charge admission. (Couldn't you just picture a polka dot plow during a snow storm).

By the way would somebody please help poor Sheryl Cote out?? She thinks that kittens are born without mothers. Oh Sheryl, that problem you discussed at coffee break one day (our 3 min break) has been cleared up. The dentist is here. Ha, we know what I mean don't we???

You know, so far during my stay in Alsask I've enjoyed it very much here. But, I don't think that anyone enjoys it here as much as Andre does. (Canex). As a matter a' fact he told me one night at Happy Hour, playing pass the ace, (lost his shirt), he wouldn't mind a couple of more years here. Must be nice to like a place so much. Pucker up guy, its how you make it!!!

I hear Debbie and child are doing well. Thats nice to hear. She also told me it was John's. No tickets please, John, just joking. He really wouldn't though. Between John and Barney Miller (Ed) they run a fair section. Especially control ling traffic jams downtown Tomestone (Alsask) during rush hour.

Thats all for now all, its time for my wife's daily beating. As for the "Male Chauvinist", letter to the editor; thank you for reading my column and I suggest you do something concerning your inferiority complex, soonest. WOOP-TEE-DO!!!

See you all next "Tumbleweed."

### STELLA'S SMALL TALK

Well hopefully there will be someone next month to give the "downtown" news and we can take turns writing once a month, as sometimes it's hard to get enough news every two weeks. Imagine everyone is enjoying all our nice weather. Children's bowling is underway and they sure have a lot of children bowling, lots of work for Flo Jardine. The rest of the leagues will be underway this week.

Have heard of a few people being sick at home and some not so fortunate have had to go to the hospital. The last week saw Betty & Jeff Warner back at the Oyen hospital. Sheryl Coté is in the Kindersley hospital - hope she will be home soon.

Lots of trips this time: The Welwoods' to S'toon, Jackie Wooley to Red Deer, Kathy Brown to Edmonton, all the teachers from our school had a 2 day trip to S'toon. The O'Byrnes' went to Neepawa for the Thanksgiving weekend, also the Stonehouses to Darcy to visit Al's Mom & Dad and daughter Sherry to Kindersley during the school break. Hazel Rainbow went to visit her mother for a few days to Carstairs Alta. The Simmons went to B.C. to visit the grandparents for a little holiday.

The Melroses' had her Mother & Dad from Edmonton and her sister & Brother-in-law and family from Leduc. The Jimmys' had his brother & wife for a visit; the Irvings' had friends in from Edmonton; the Foreman's had relatives from Saskatoon, Cold Lake & Edmonton; The Blooms' have Earl's brother for a visit. The hunters are staying in the trailer. If there is anyone I missed, hope you all enjoyed your visit to Alsask.

Our family of the month is: Doris & Woody Welwood

Doris hails from Saint John, N. B. with Woody from Saskatoon and surrounding district. They have been stationed at Winnipeg, Sydney, N. S., Senneterre Quebec and have been at Alsask for the past year. They have three children (girls) Dawn, Elizabeth & Wendy (all Cape Bretoners).

Doris has been active with the Brownie L. A. and is on the Bowling Team. She is also the typist for this paper. Woody's interests are Curling and carpentry of which he has made some nice things. He works at the Power Plant. The girls are involved in bowling, Sunday School, Brownies & Skating.

What do you call a grocery clerk in China? - Ans. A Chinese Checker.

Don't forget the AWL Tea & Bazaar this Friday the 15th downtown from 2 to 4 p.m. Its always a good one.

See you next month!!

THERE HAS TO BE SOMETHING WRONG WITH A SOCIETY WHERE A NEW CAR ONLY LAST 3 YEARS -- BUT A BEER CAN GOES ON FOREVER!

Hello from the Great MSE ROOT BEAR

A choice name, considering the new colours of our establishment. This is my first effort as a columnist, so "bear" with me.

This is a column to bring you all the news from the SLogO organization, which included Tfc Section, MSE Section, Maint Section and Supply Section.

Not much happening in the Traffic Section. Sgt Don Lloyd finally got his posting. As you read this he will have reported to brown country in CFS Petawawa, Ont. Lucky guy!

The MSE Section has had its summer changes. Cpl Don Hausauer went to Suffield, and Summerside gained a new MCpl in the form of Hold Delong. Their replacements here are Cpl Keith Peters and Cpl (Popeye) Evans, a seagoing steward turned driver. Three civilian drivers left the section. Don (Snuffy) Smith, Kevin Bayley and Mark Presseau. Two new civilian drivers joined the staff, Ken Griggs and Pat Lemke, who by the way is quite a sharp number in her new drivers uniform. Our three adventurers returned from Montreal, safe and unharmed. They were MCpl Greg Fehr, Cpl Harold Jimmy and MCpl George Belanger. Incidentally George was presented with a Bronze Medal while in Montreal. There was a recent promotion in MSE. Earl Bloom is now a Master Corporal and as was overheard in the coffee room, "A new 'bloom' sweeps clean". So watch out all you drivers. MSE also awaits the arrival of their new leader, WO Tony Hodges. He is due in on the 20th Oct, and will be the new STNO.

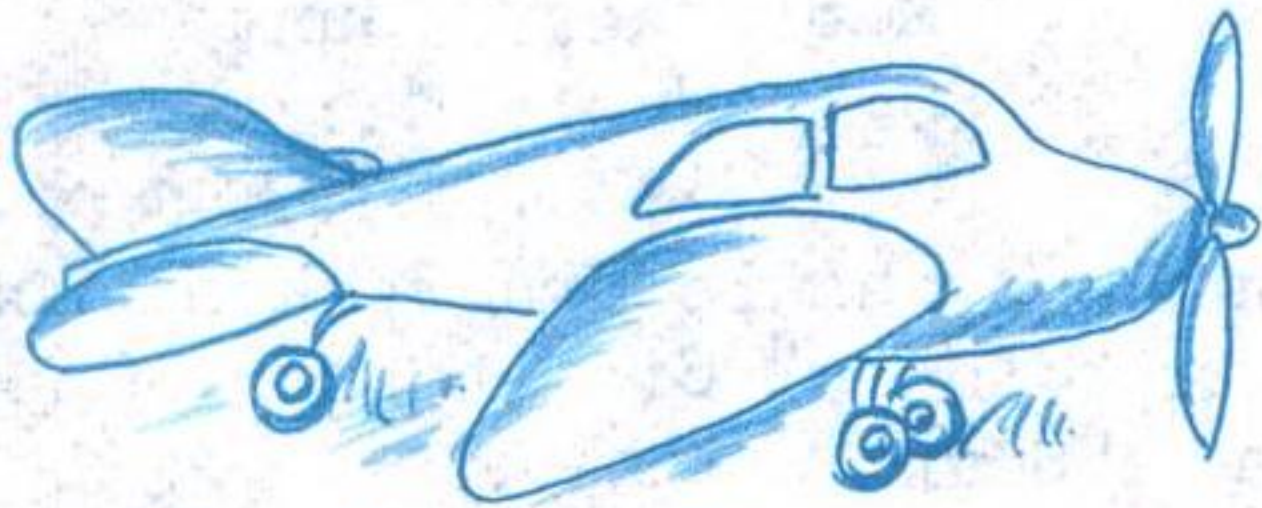

The Land Maint Section has had two new arrivals, Cpl Lorne Kessler from Ottawa and MCpl Mike Mawle from Petawawa. Cpl Bill Whitehead is presently doing his thing in the sunny land of Egypt. He will return to us around the middle of Dec.

Over the past few months the Supply organization has lost Pte Bob Kalyn, who took his release and is now living in North Battleford. Also gone from Supply is Mr. Don Dorsey. He was transferred to Beaverlodge and he says it is a very quiet place. If its more quiet than here it must be almost stopped. MCpl Ed Doucette has returned from sunny Egypt. Seems to have enjoyed his trip due to the fact that he is a bit of a history buff. He saw a lot of places that up until then, he had only read about. Welcome back Ed. MCpl Louis Cailloux is soon departing for Chilliwack. They tell me he is going to become a gentlemen. I suppose it's possible. Good luck Louis. At the same time, Capt Dave Evans is in Toronto becoming more of a gentleman. That Supply Section is going to have a lot of class! Pte Pat Carr was proud to announce her promotion from rookie to Pte 1st Class. Congratulations Pat. The promotion probably accounts for the new set of wheels that Pat is driving around. Cpl

ROOT BEAR continued

Brad Mason is still in Alert, and if they can find him, he will rejoin the section sometime in November. Supply is expecting two new arrivals. Cpl Norm Jackson from Portage La Prairie (Pat says he is a real looker) and MCpl G.G. Friars from Halifax, N.S. Sgt Bob Orr is at a loss to find work for them. The rumour department in Supply says that Cpl Jim Jacobs is submitting a request to extend at CFS Alsask for an indefinite period of time. I wish him luck. He deserves all the time he can get.

Well that's all for now from the great MSE Root Bear residing in that orange and brown bldg in the Domestic Site.

---

SOARING CLUB NEWS

The Soaring Club is taking delivery of CF-OZS in the near future. OZS is a sweizer 2-22 glider, an excellent training machine. It is a two place and has tandem seating.

This glider was to have been delivered in July, but just before it was to be sent, an airworthiness directive (AD) came out grounding that particular model until a special inspection could be carried out to determine if metal corrosion had weakened the main longeron. As it turned out OZS needed \$1500.00 worth of work. This was all paid for by the sellers (The Ontario Provincial Committee of the Air Cadet League). We were lucky! OZS is (now) an excellent ship and we can expect to get a lot of flights out of her.

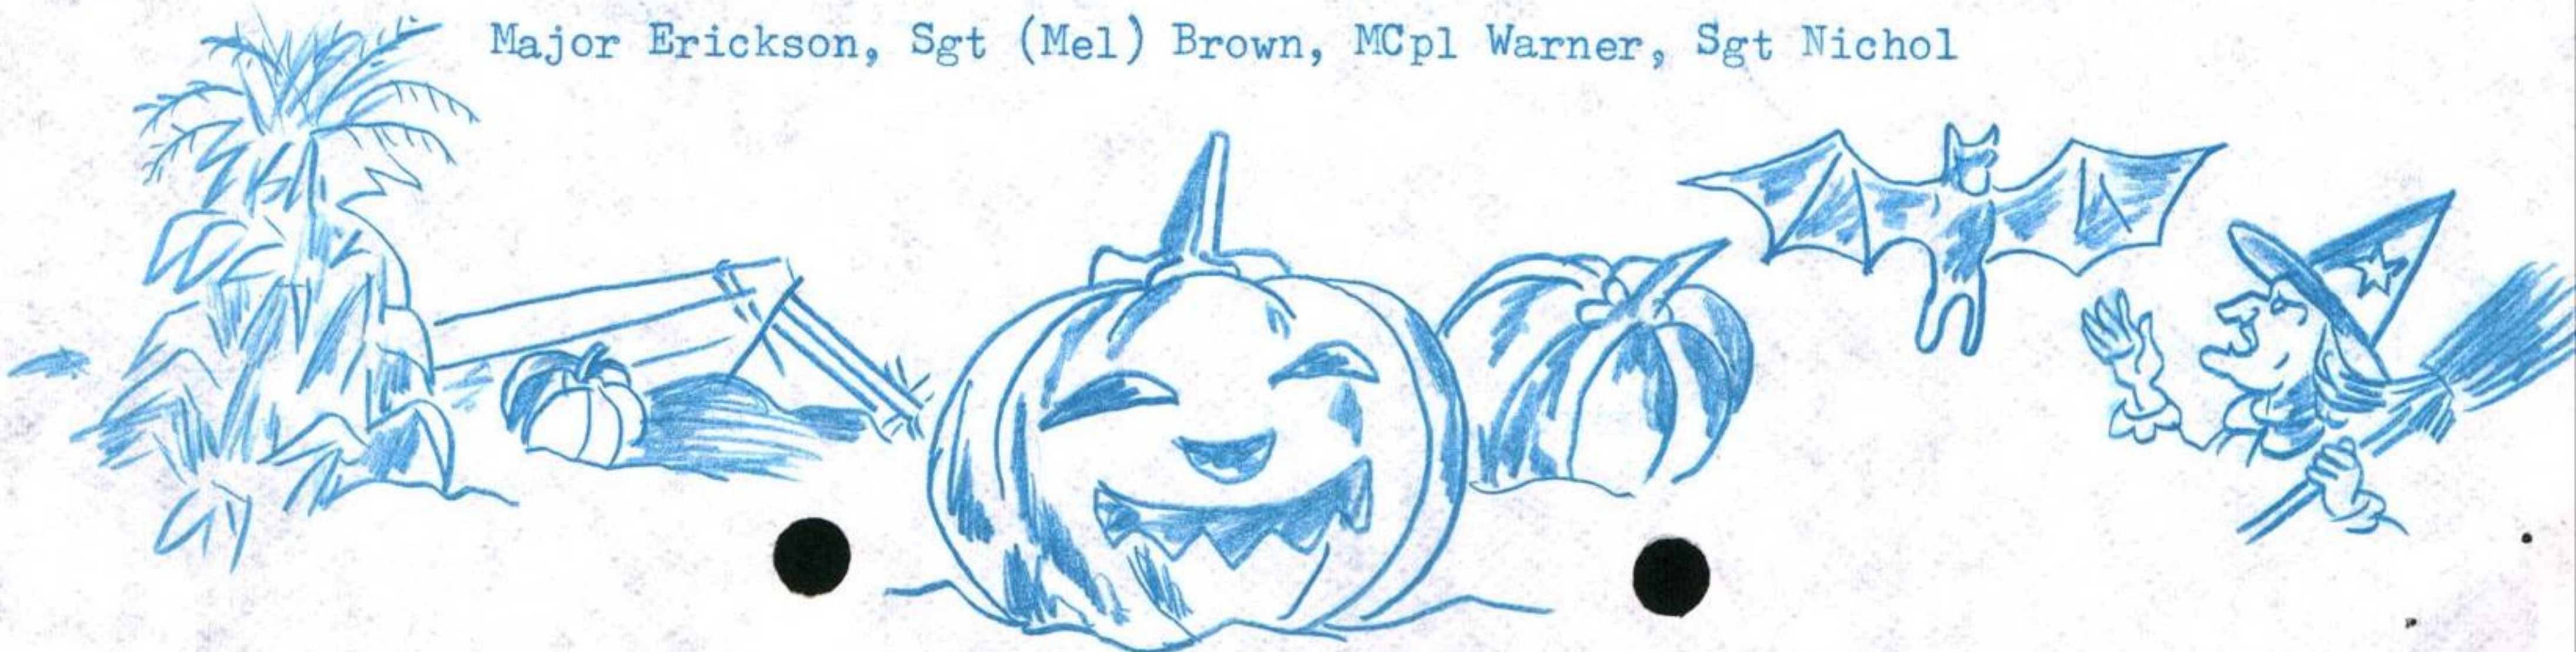

Our Club activities have been slowed down considerably because of the slow delivery of a replacement glider for PPG which was wrecked in April. If the weather co-operates, this fall, we will be able to pick up some momentum and make up for lost time.

We want more members. Initial membership for an adult is \$25.00 with annual renewal of \$10.00. We have family and youth rates as well. We had hoped to embark on a flying training programme this summer in order to follow up on the ground school which was held last winter but delays have prevented this up until now.

Our financial position is reasonable at the moment but we have to make some expenditures soon. A shelter should be built to protect our investment, and buy a trailer to be able to haul the glider from point to point.

Anyone interested in assisting or joining our club should contact:

Major Erickson, Sgt (Mel) Brown, MCpl Warner, Sgt Nichol

FAULTY FIRE ALARM SYSTEM

The present Fire Alarm System is unreliable. Personnel reporting fires should ring the nearest alarm box and follow this up by phoning 2277 or Loc 222.
