THE TUMBLEWEED

ON MOTHER'S DAY

THE TUMBLEWEED

CFS ALSASK

May 13, 1980

The Tumbleweed is an unofficial military publication and is printed with the kind permission of the Station Commander, LCol. L.E. Novakowski. It is published locally every second Tuesday.

The opinions expressed are those of the contributors and do not necessarily reflect those of the Editor, the Canadian Armed Forces, or DND. The Editor reserves the right to reject any editorial or advertising material, and to edit any such material at his/her discretion. Items will not be accepted for publication unless signed by the contributor and received by NOON on the deadline day.

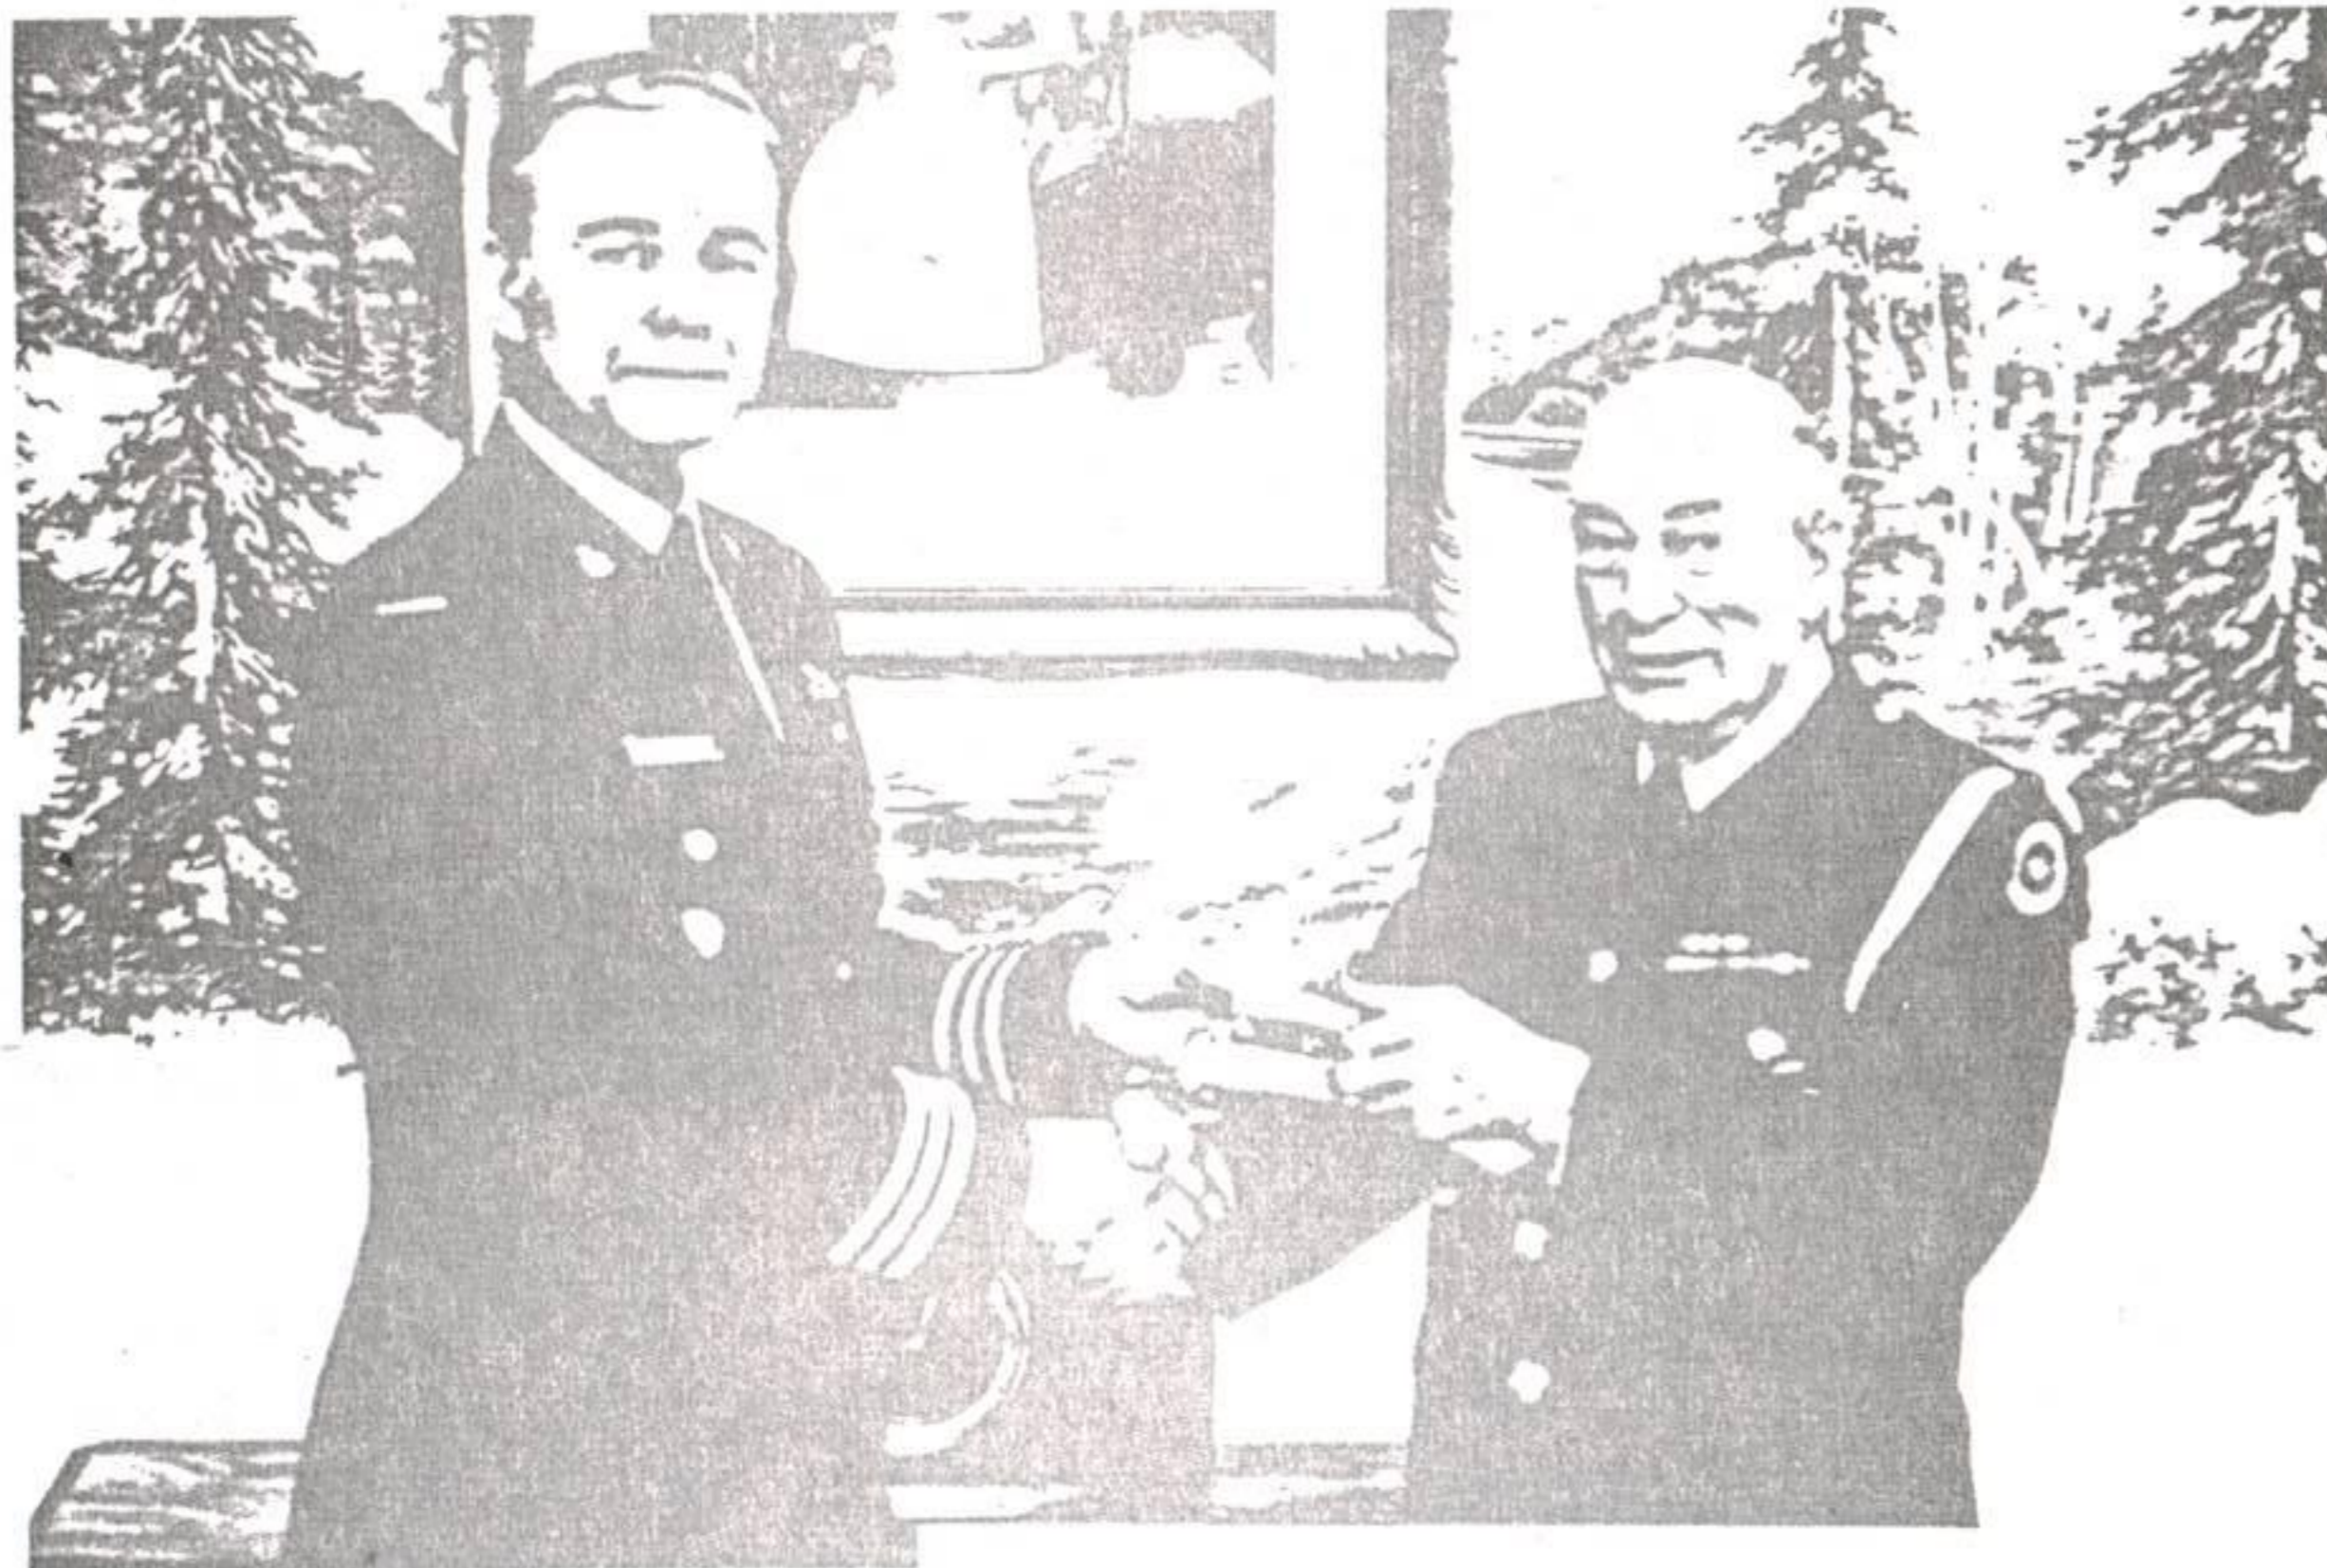

Address all correspondence to the Editor, CFS Alsask, Alsask, Sask. SOL OAO Office located in the Station Headquarters building. Local contributors may deposit articles at Station Orderly Room in the Tumbleweed basket.

Some recent presentations by the Commanding Officer:

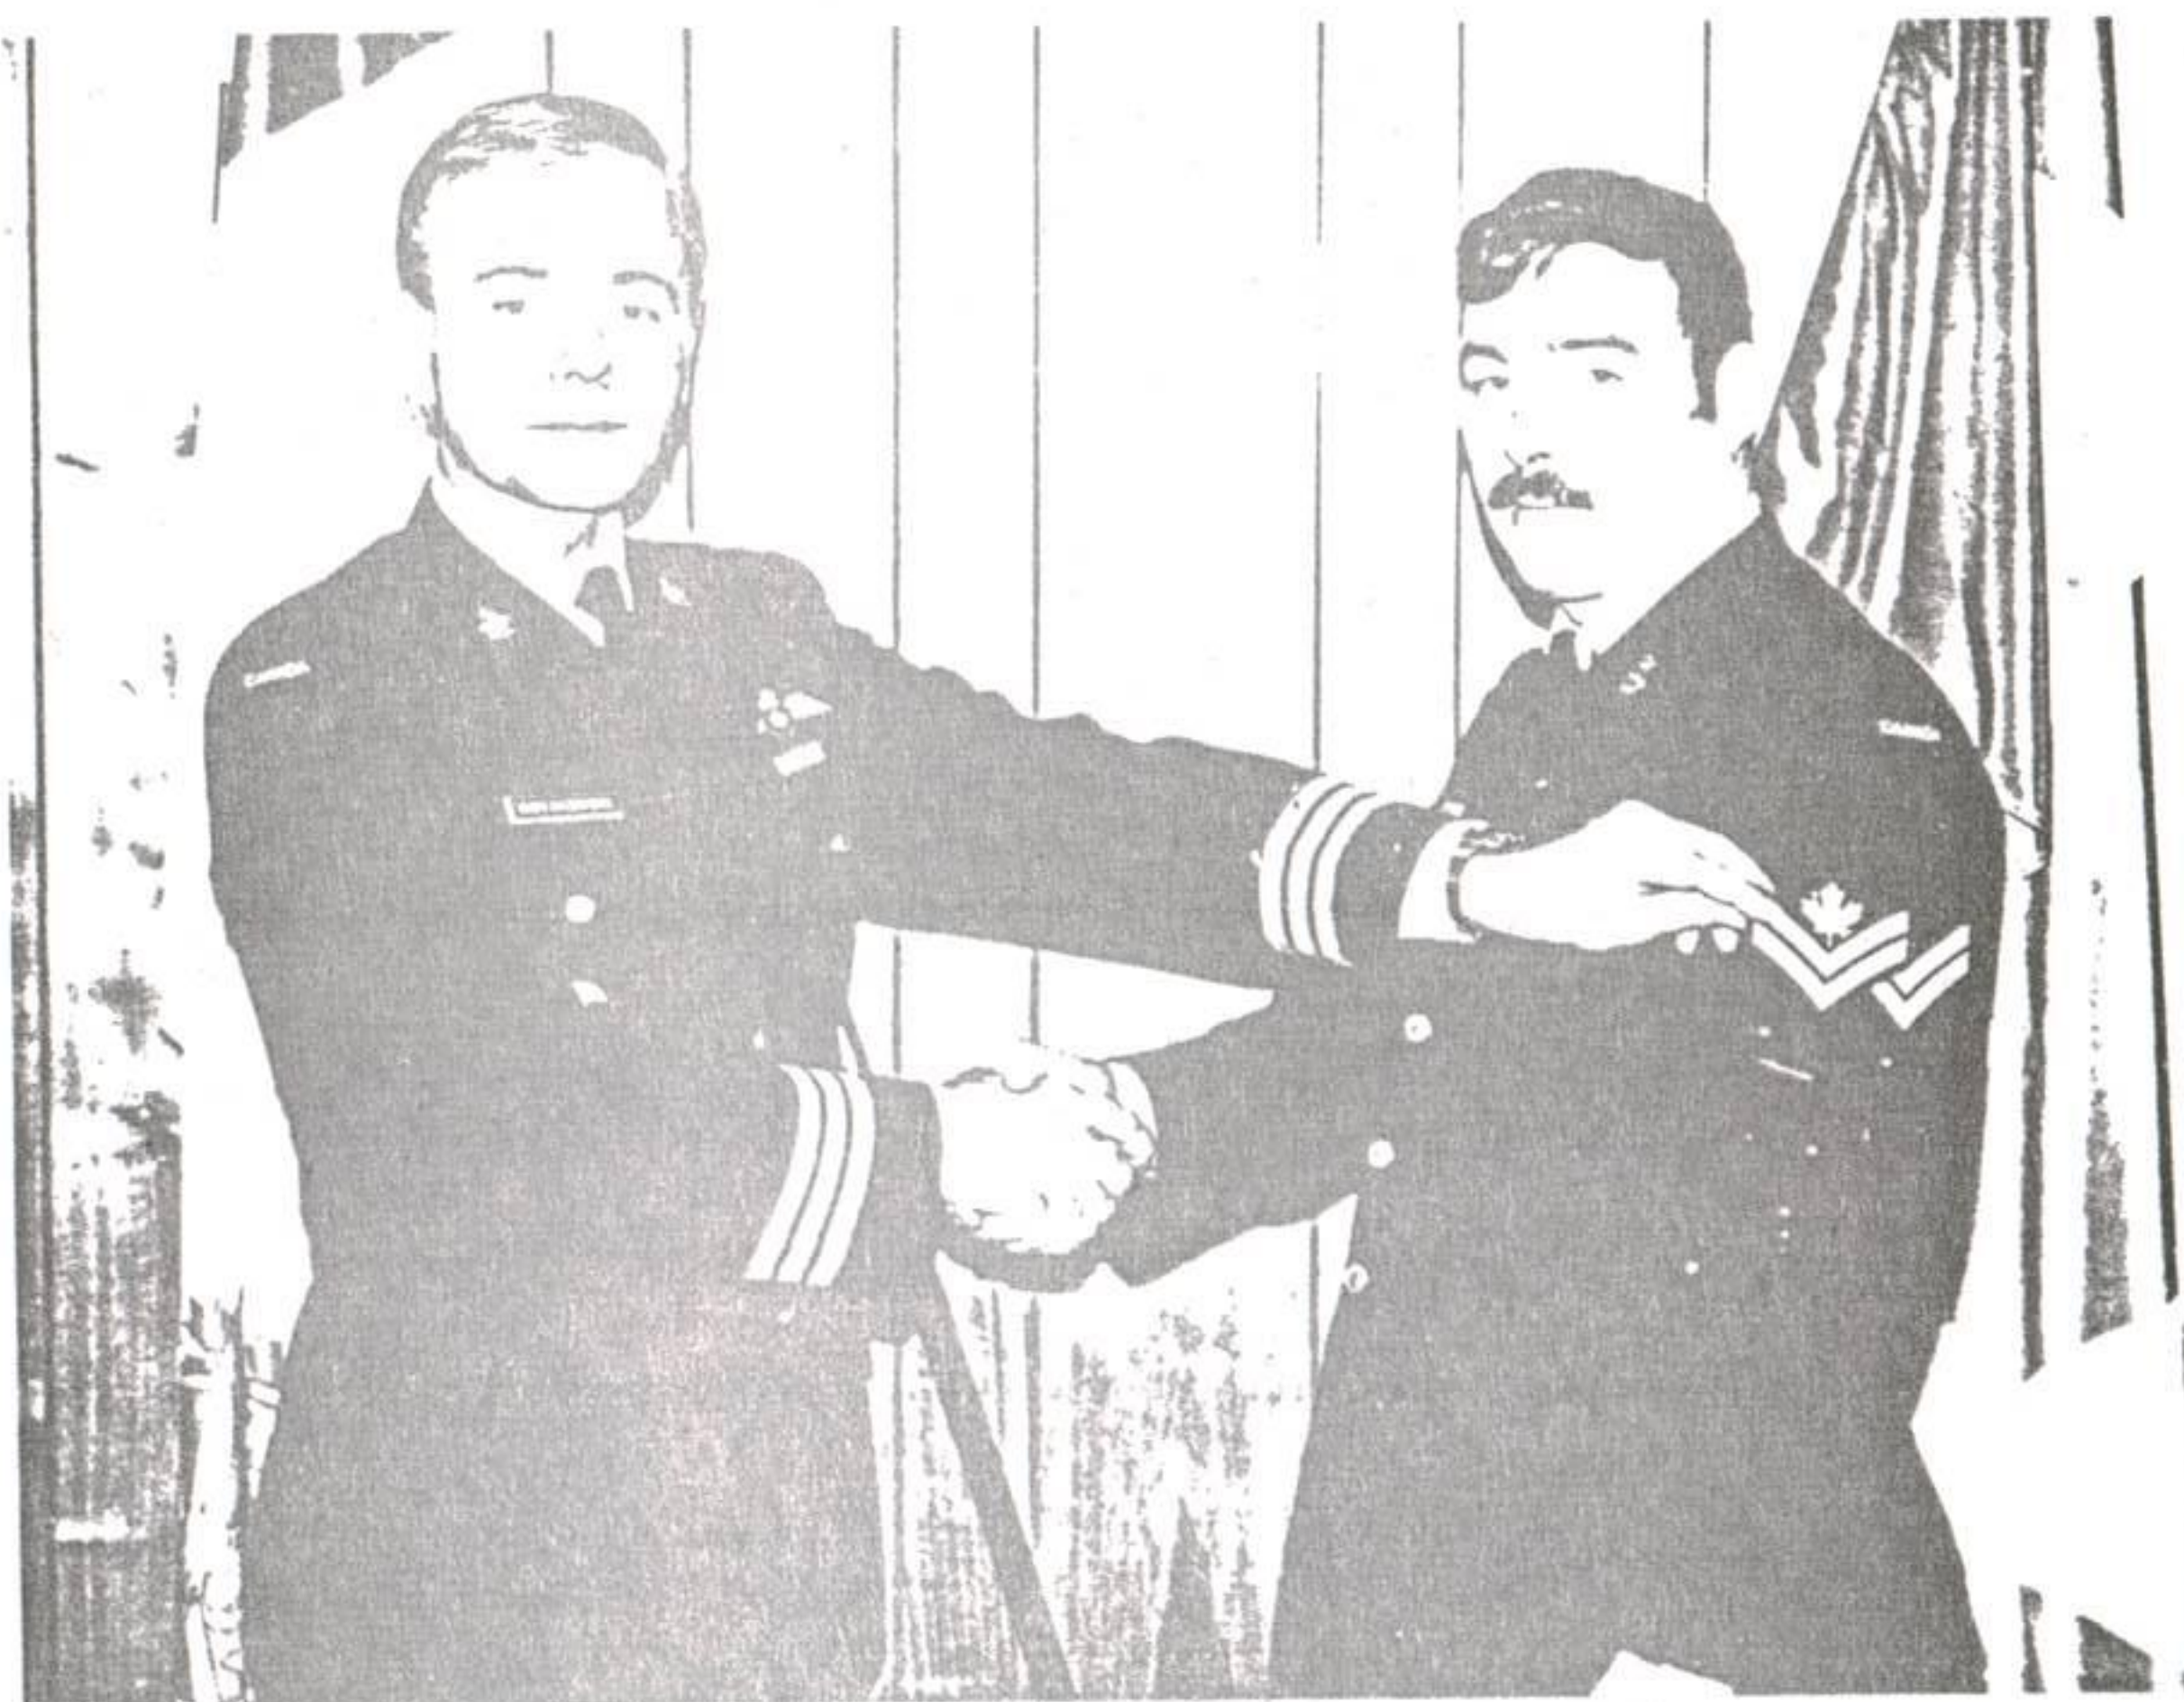

Retirement scroll to
Comm. Art Astell.

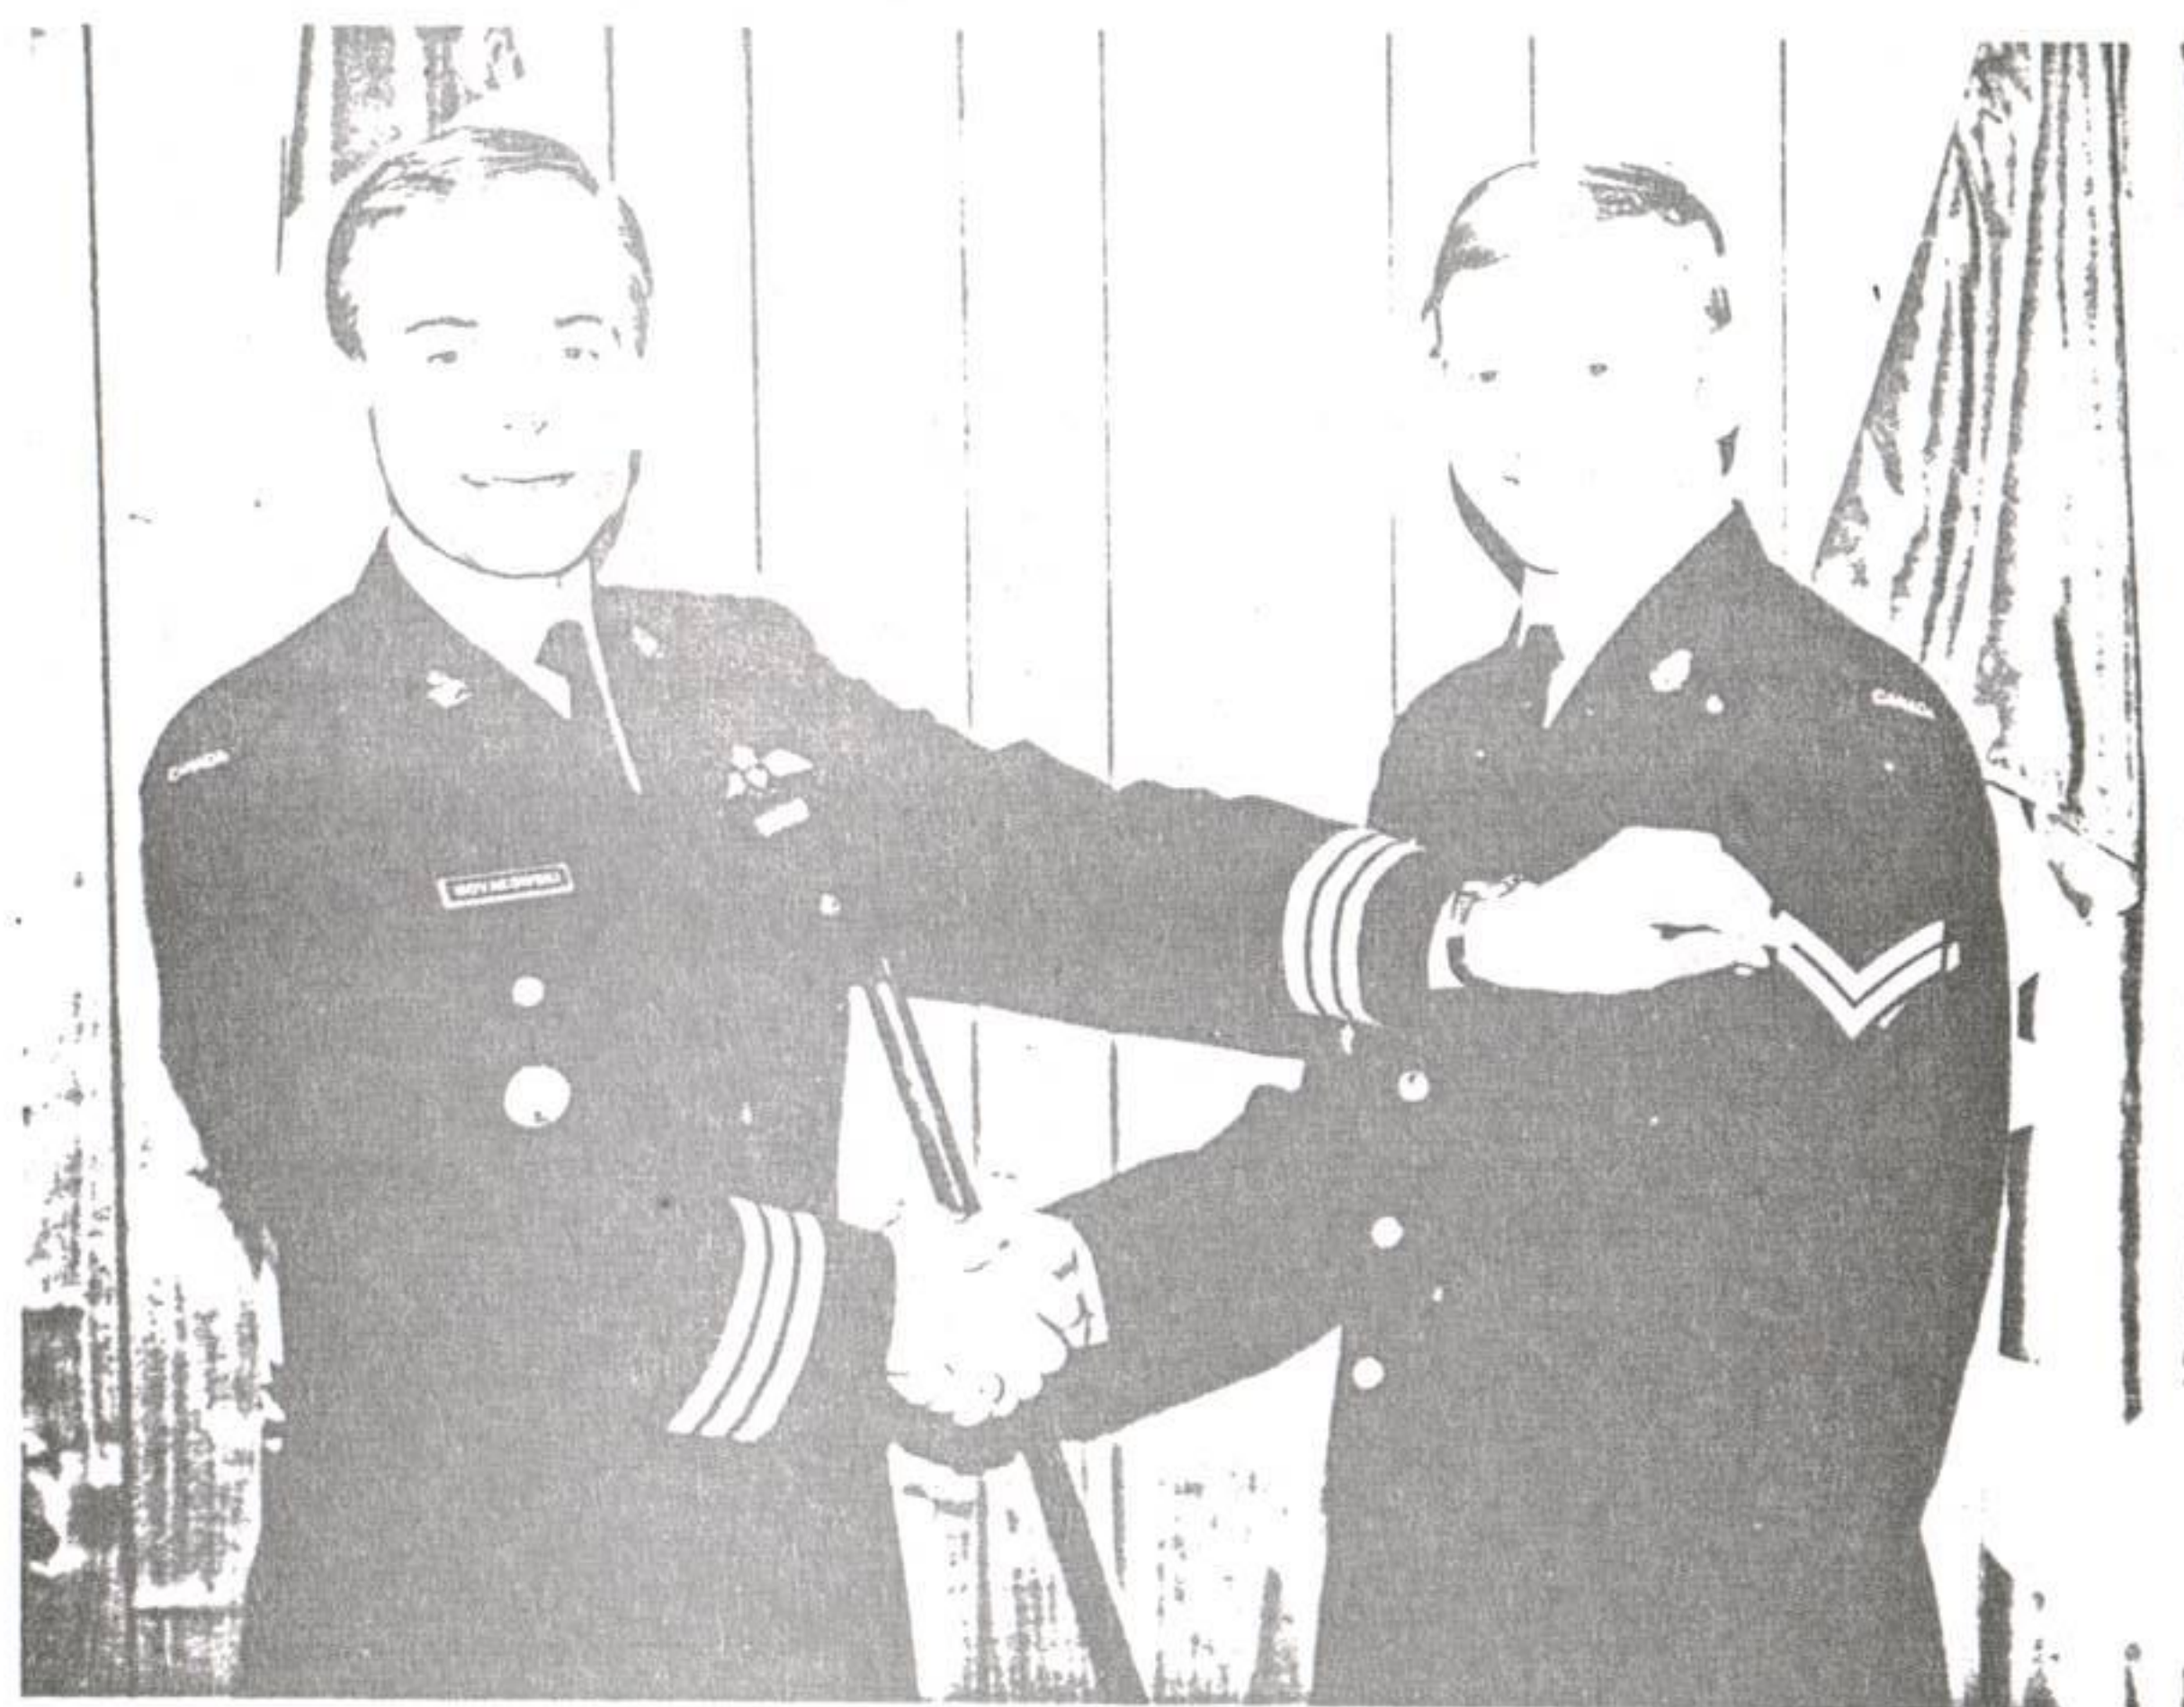

Captain's bars to
M. Newell

And Sgt.'s stripes
for G. Fitzgerald.

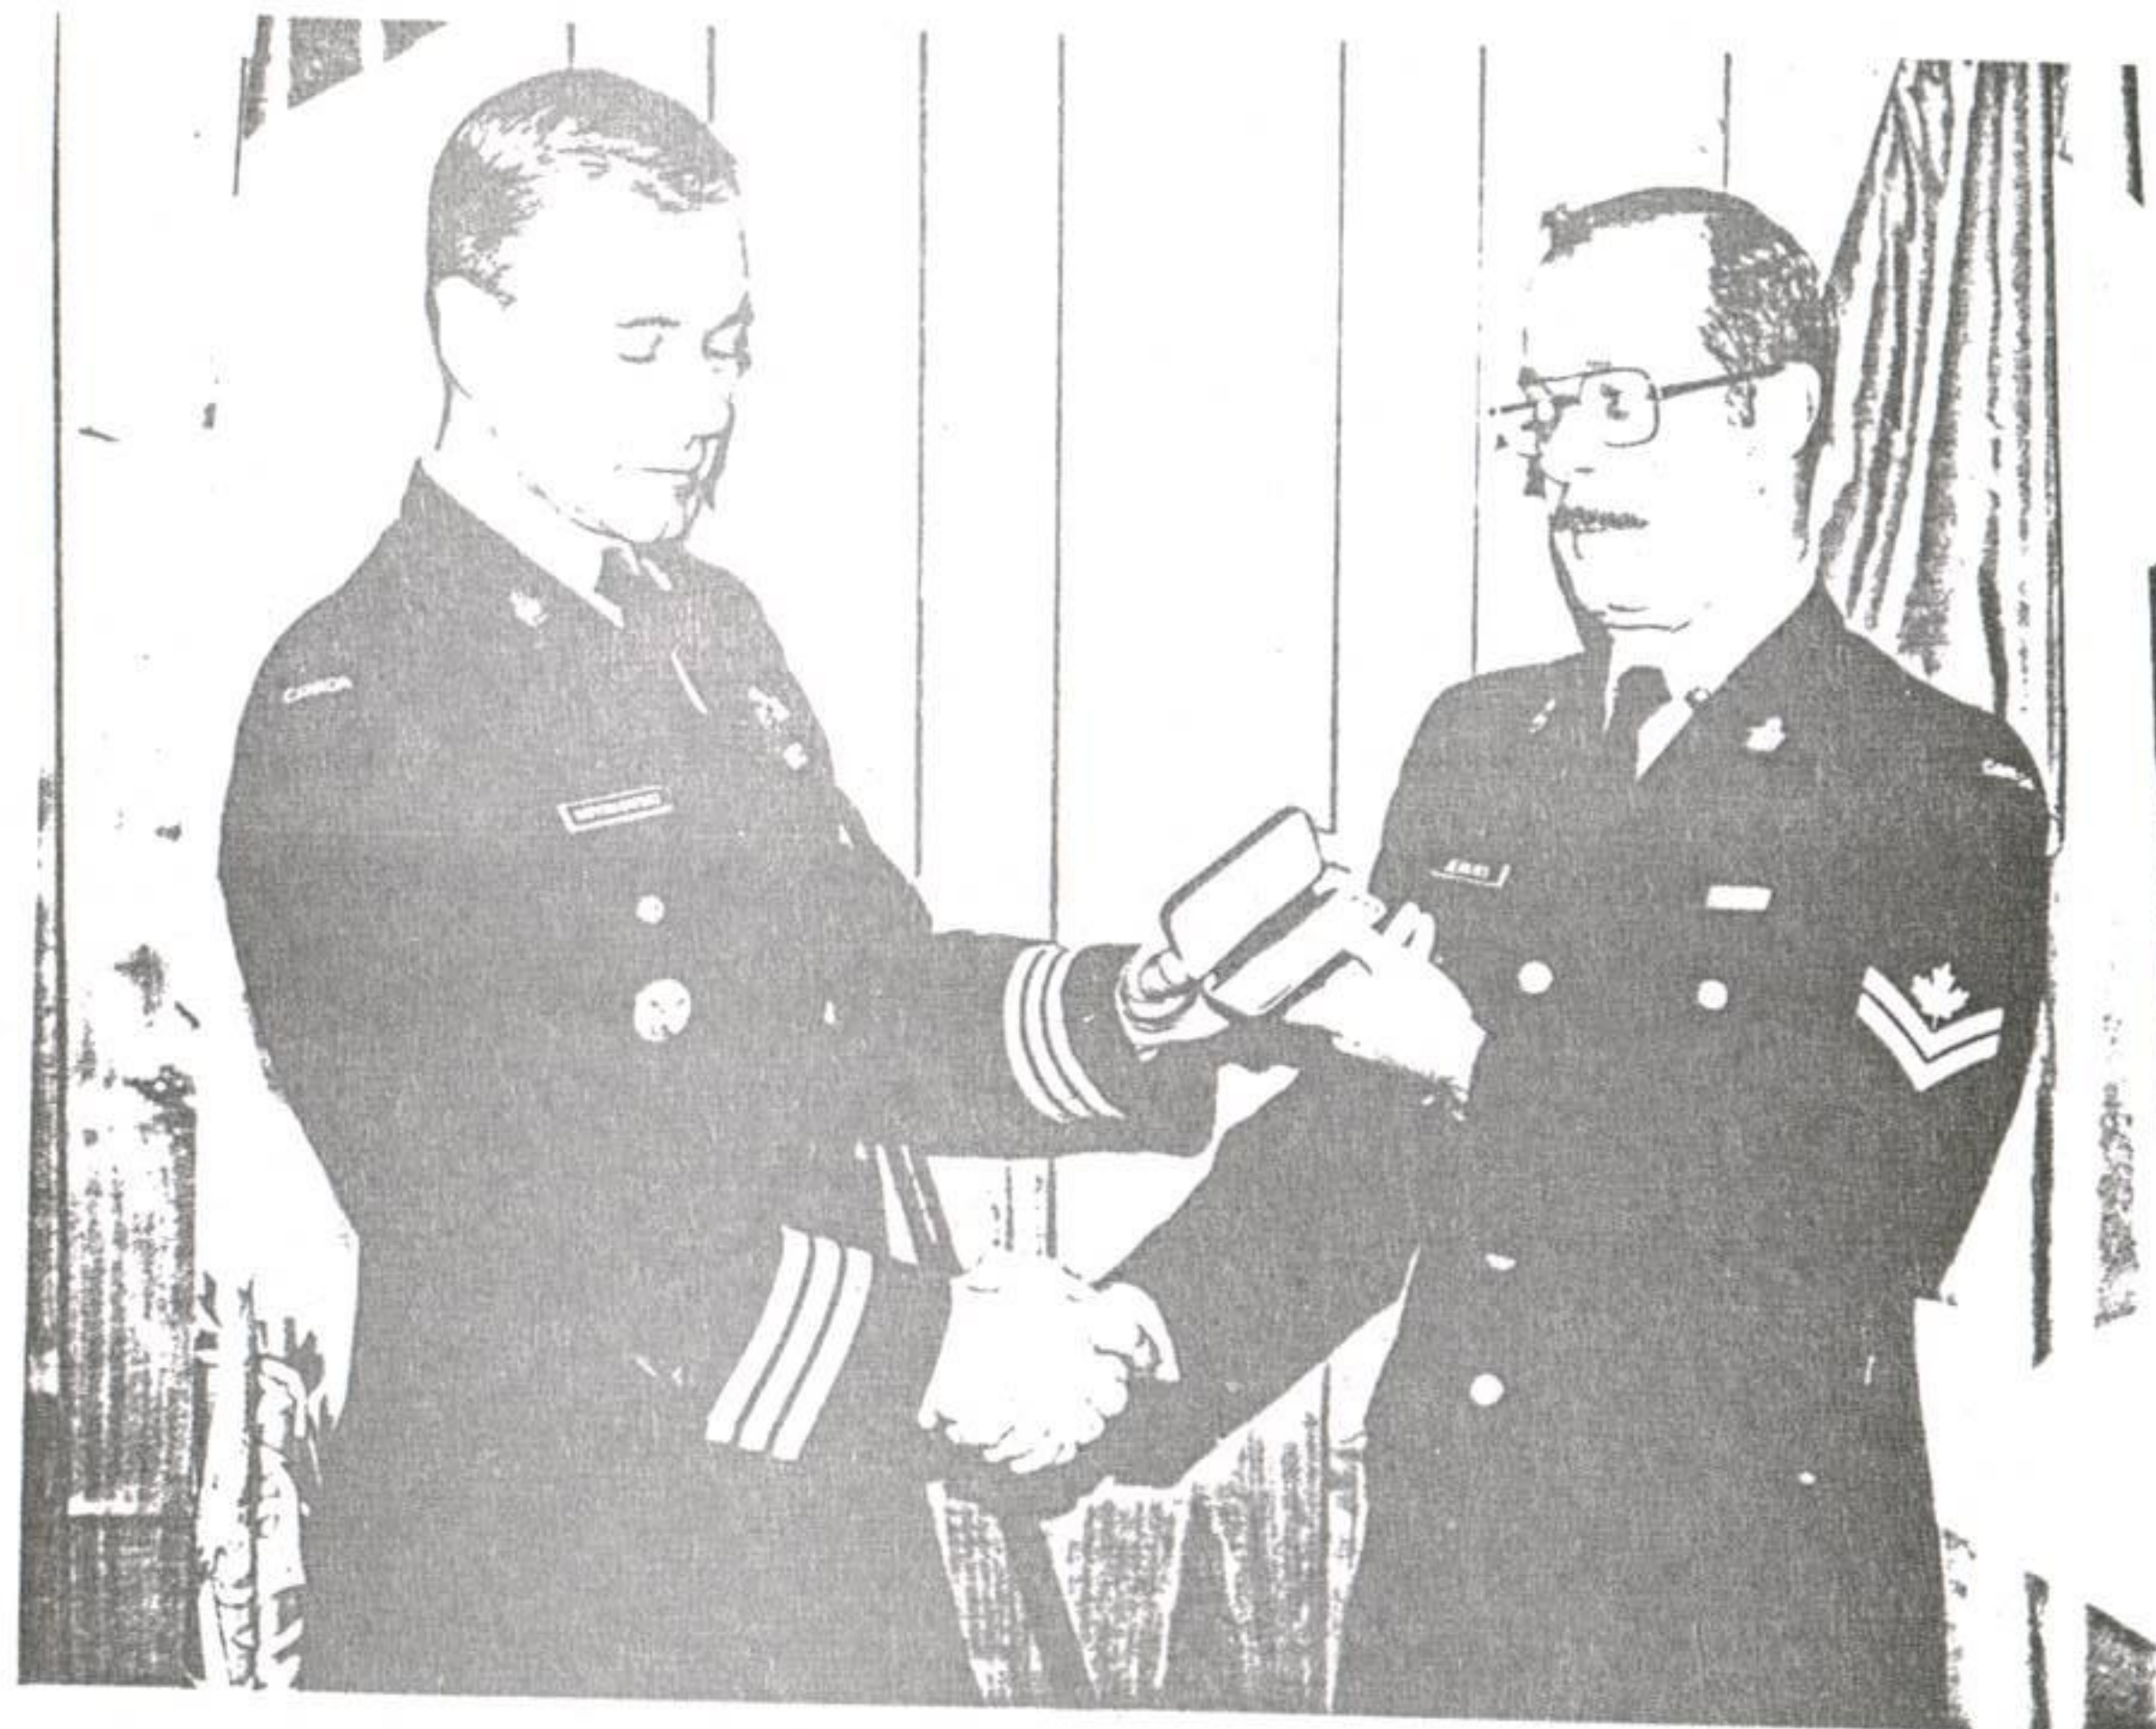

Promotion to MCpl. for B. Johnson

And to Cpl. for B. Newsome.

First hook for Pte. Jones

And a CD Clasp for MCpl. Jenkins.

A Fashion Show was held Tuesday evening, April 22, in the WO & Sgts' Mess. The fashion displayed were courtesy of Fashion Fare in Oyen. A real variety of clothes were shown from beach wear to evening wear. I understand it is not the first ever on the station, but believe it is a first for the Mess.

I would like to take this opportunity to thank all the models who did a very professional looking job. Also to everyone who donated door prizes. A large thanks to everyone who came and enjoyed the show - without you it wouldn't have been a success at all. Last, but definitely not least, my special thanks to all the gals and guys who helped behind the scenes with the setting up and taking down of chairs, tables, etc. From moneys collected at the door, a donation will be made to the Blind Fund. My thanks again to everyone mentioned and anyone I may have forgotten to mention.

Elaine Savidant

Going Going Gone for Reading!

Tuesday, April 26th, was auction day in the Grade V & VI classroom of John A. Silver School students eagerly and confidently bid for contributions of autographed pictures and special items sent to them by famous Canadian people. The highest bid was \$27.65, made by Doug Bertrand, for one of the most sought after items, a hat with Hilltops on it sent to them by Saskatoon Hilltop's coach Paul Schoenals. The next highest bid was \$17.00, made by Shawn Adams, for an autographed picture and belt buckle of Tommy Hunter. The girls were mainly interested in Anne Murray's contributions. Natalie Schaffer spent \$14.60 on her record "There's a Hippo in My Tub" and Karen Christman spent \$15.15 on her autographed picture and biography.

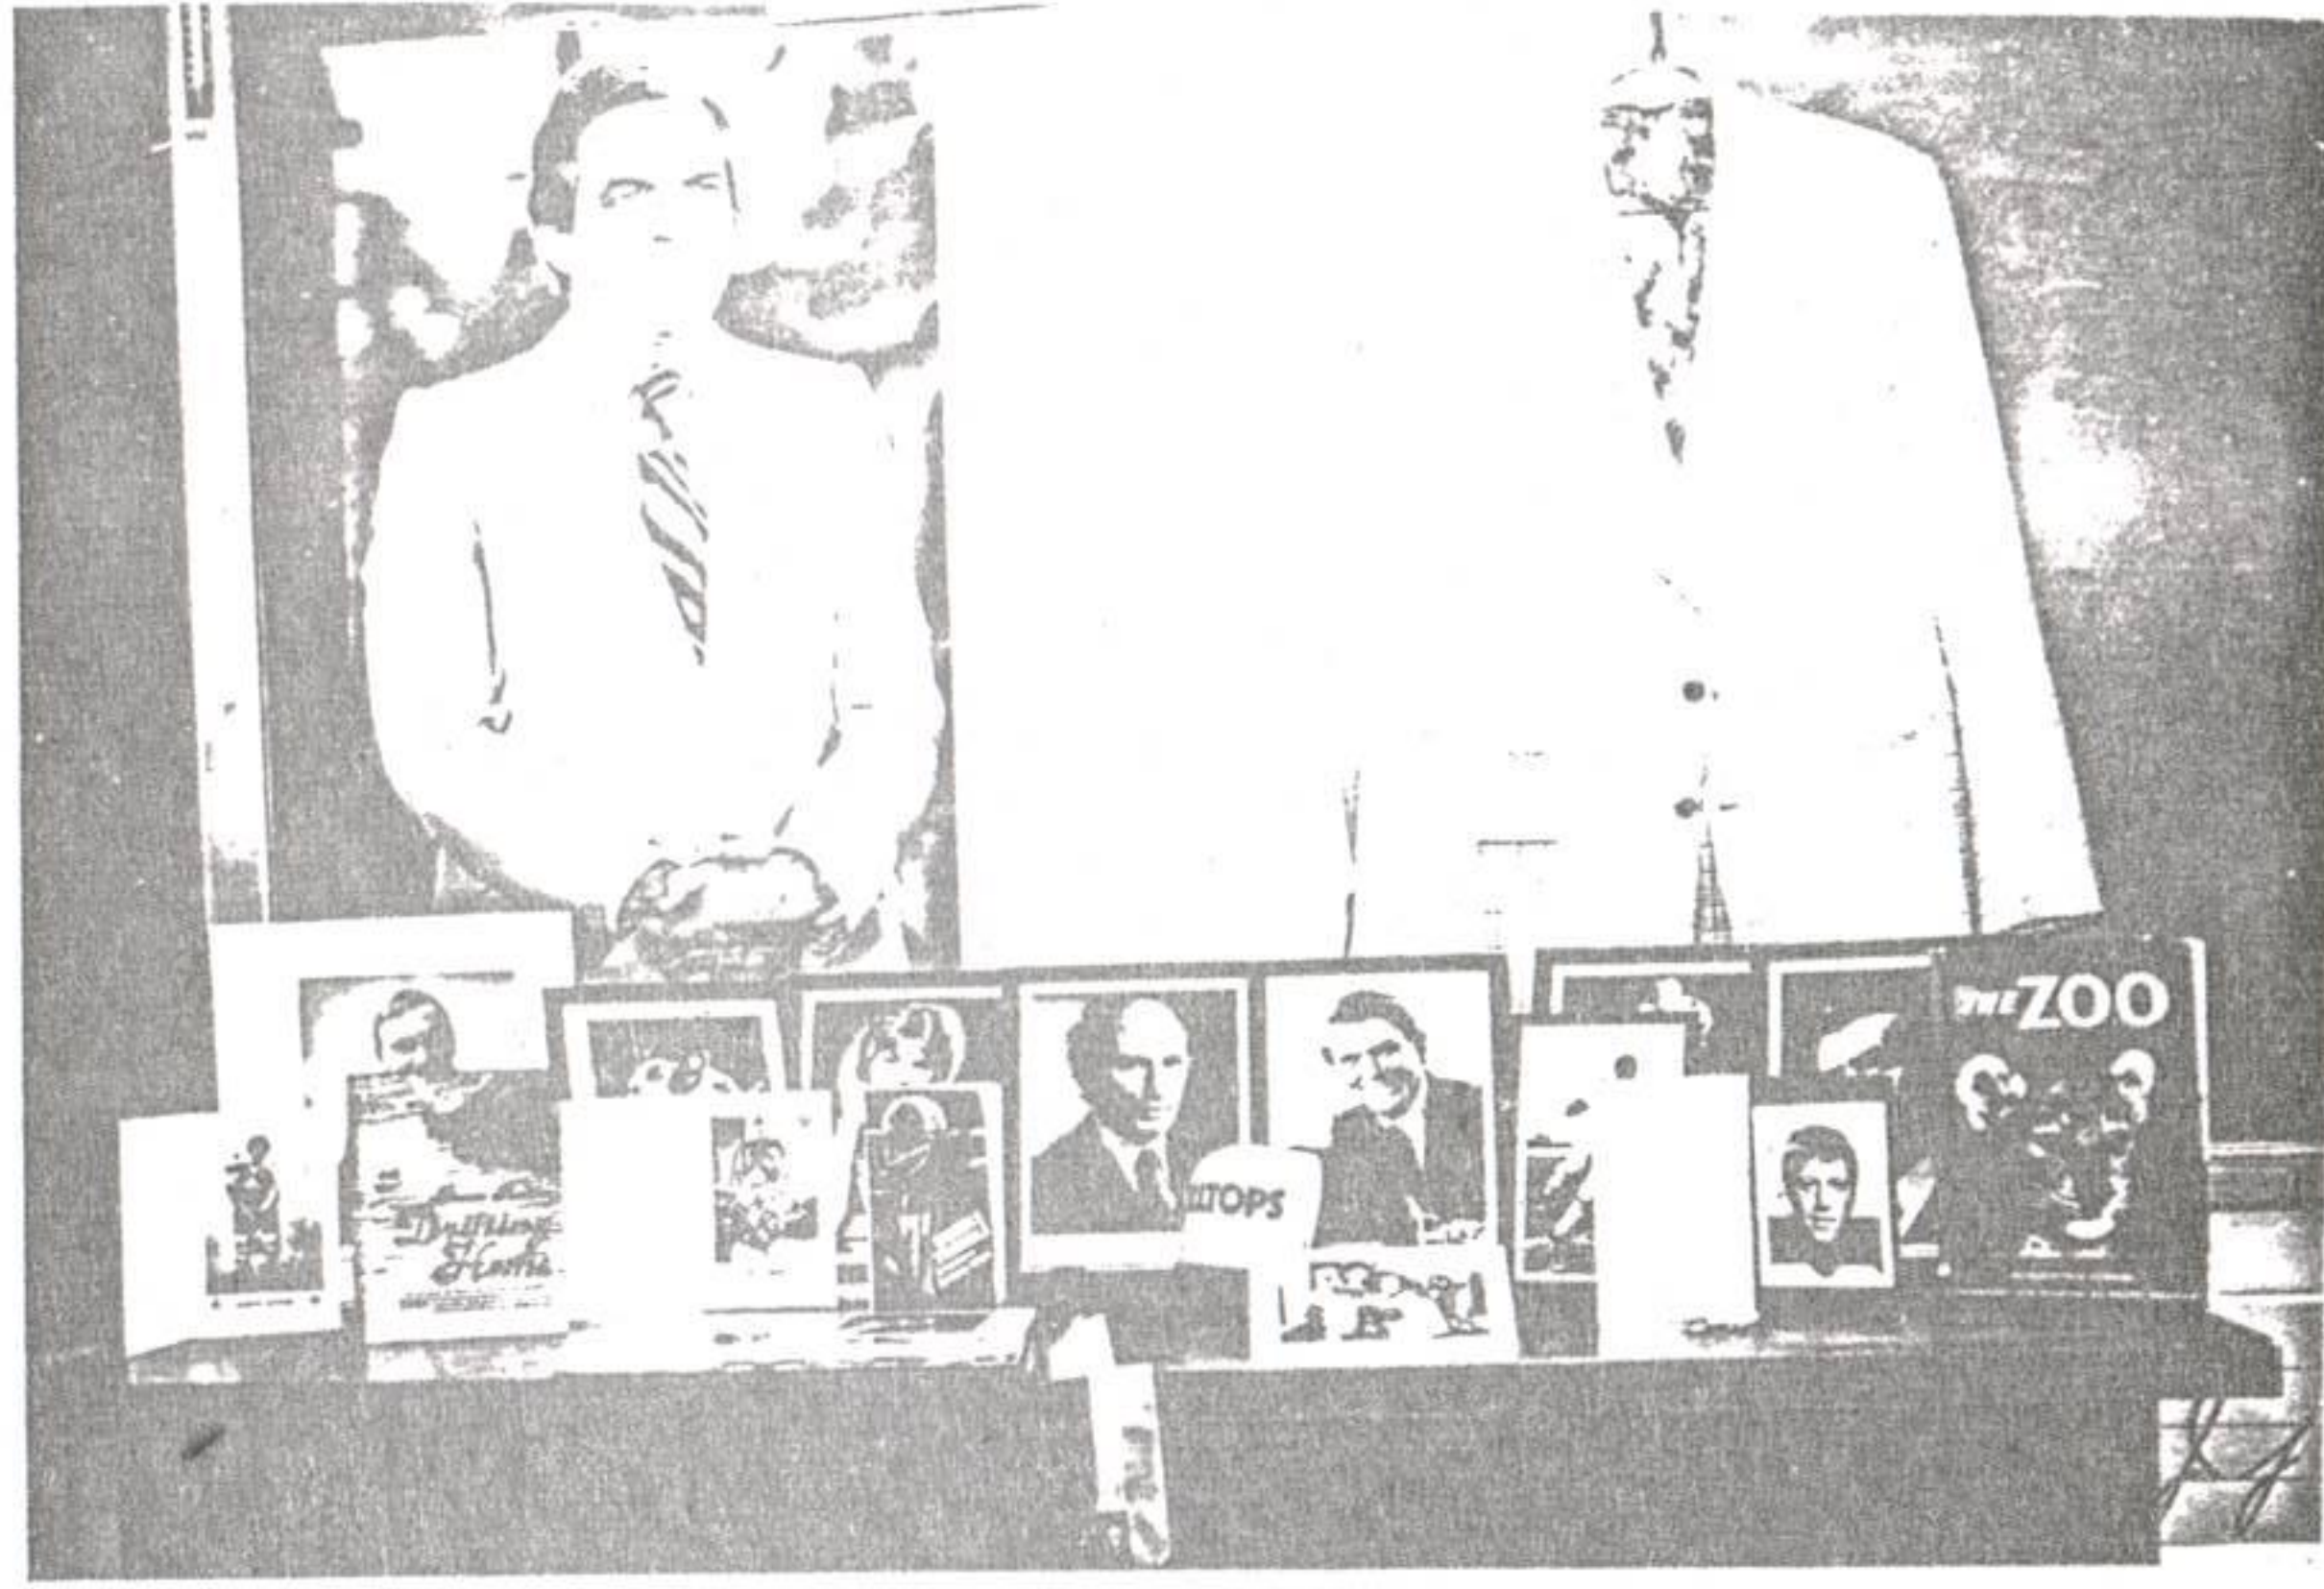

Starting last September students accumulated play money for reading books they chose themselves. To help them think about the content of their reading they were required to report on each book they read. Based on the

length of the book and the way in which the report was written students were awarded "money" which was entered into each child's "savings account" book. The bank books were kindly donated by Alsask's Royal Bank. Money was awarded until April 25th when a bonus of up to \$10.00 was given for reading books of different categories. Interest of 12% was also added on. Students' earnings in play money ranged from \$9.83 to \$37.06, with an average of about \$25.00

Mrs. Mayer sent letters to Canadian celebrities chosen by the students, explaining the project and asking for contributions. Before long packages began to pour in. Great was the excitement on the days when one such parcel arrived. The students showed as much or more interest in the letters that accompanied the contributions. The generosity of the many celebrities who answered was very heartening when you consider the volume of fan mail they must receive. It was gratifying to see so many give of their time and effort to help make a school auction day a practice.

Before the actual auction day a practice session on auction procedure was held. The art of discreet and clever bidding was discussed. On auction day Miss Lemieux very kindly agreed to be the auctioneer. Most students purchased two or more items of their choice.

Since the auction students have been writing thank-you letters to the person or persons whose article(s) he or she had purchased.

Shown above are the items sent to the John A Silver School's auction.

Don't lose your head to save a minute.
You need your head - your brains are in it!

A MESSAGE FROM THE MASTER GOPHER

LCol L.E. Novakowski

It's my pleasure to announce this year's list of persons selected for the Commanding Officer's Commendation. I take special pride in naming these people because of the personal nature of the award and because it is our own "unit recognition" for outstanding service. The names are as follows:

Capt D.M. Newell
Capt J.H. Welton
Lt W.A. Anderson
WO W.C. Bertrand
MCpl D.R. Cochrane
MCpl R.A. Johnston
MCpl W.G. McClain
Mrs. B.J. Cochrane
Mrs. J.A. Murray
Mrs. A.J. Smith

Those listed above are given special recognition because they have made significant contributions towards the effectiveness or safety of this unit and its personnel, or they have done something special to enhance our community life. Although many people at CFS Alsask have done more than is expected of them, these people are especially deserving. To thank and honour them, an awards parade will be held 1100 hrs, 6 June and a formal presentation of certificates will be made. Other awards will also be made during this parade and I invite everyone to attend.

The Community Council will also be publishing an awards list in the near future which will name the recipients of our newly instituted Community Service Award. This list is independent and separate from mine and I look forward to its publication.

'Tis not what man does which exalts him, but what man would do!

- Robert Browning

SPARKY SEZ

Well its that time again. We've made it through another cold winter and now everyone is preparing for the bar-b-que and camping season. Here are a few tips to help you get through this season safely.

When cooking outdoors, flammable liquids near live coals can cause explosions and burns. The following precautions should be taken.

- 1 - The safest starters are chemicals in cake form or a charcoal electric starter.
- 2 - Never use gas near a fire. Never use a liquid starter to freshen a fire. Explosions result.
- 3 - After cooking, soak the coals. Coals that seem dead can re-ignite a day later.
- 4 - Did you know that with the price going up on everything you can reuse your old charcoal. After soaking to put them out, just set them out to dry for a few days and there as good as new only a little smaller.

When camping out or in the backyard, watch out with flammable liquids and open flame near tents. Here are some tips when out camping.

- 1 - Buy a tent made of flame-retardant fabric. A paraffin-coated cotton tent can burn up in a few minutes with someone inside.
- 2 - Never use candles or matches in or near a tent. Use flashlights.
- 3 - Build your fire downwind, far away from your tent. Make sure it's out before you go to sleep
- 4 - Never use gas. Don't freshen a fire with liquid starter. Explosions can result. Keep liquid fuels away from your tent and children.
- 5 - This includes tent trailers as well.

" HAVE YOU CHECKED YOUR
SMOKE DETECTOR THIS
MONTH "

PLAY IT SAFE - by John-Boy

Looks like spring is here, and its time to take our lawn mowers, weed eaters, shears, rakes, hoses, etc. out of storage and make them earn their keep. But watch out! All these tools may seem safe enough to us at first glance, especially since we all know how to use them(!?), but there are many hazards associated with these things which can cause serious injury to a child. The first thing to remember then, is not to leave any of your tools where children can get at them.

These days a great deal of emphasis is being placed on protective equipment and clothing to minimize the extent of an injury should something go wrong while a hazardous job is being performed. Adequate protection is a must when you are using a power tool of any kind and garden tools are no exception. NEVER cut your lawn or use your weed eater trimmer while going barefoot or wearing open-toed sandals! You could easily lose a toe before you know it. Gloves are a must when raking, digging, etc. if you are to protect your hands from splinters, not to mention those painful blisters.

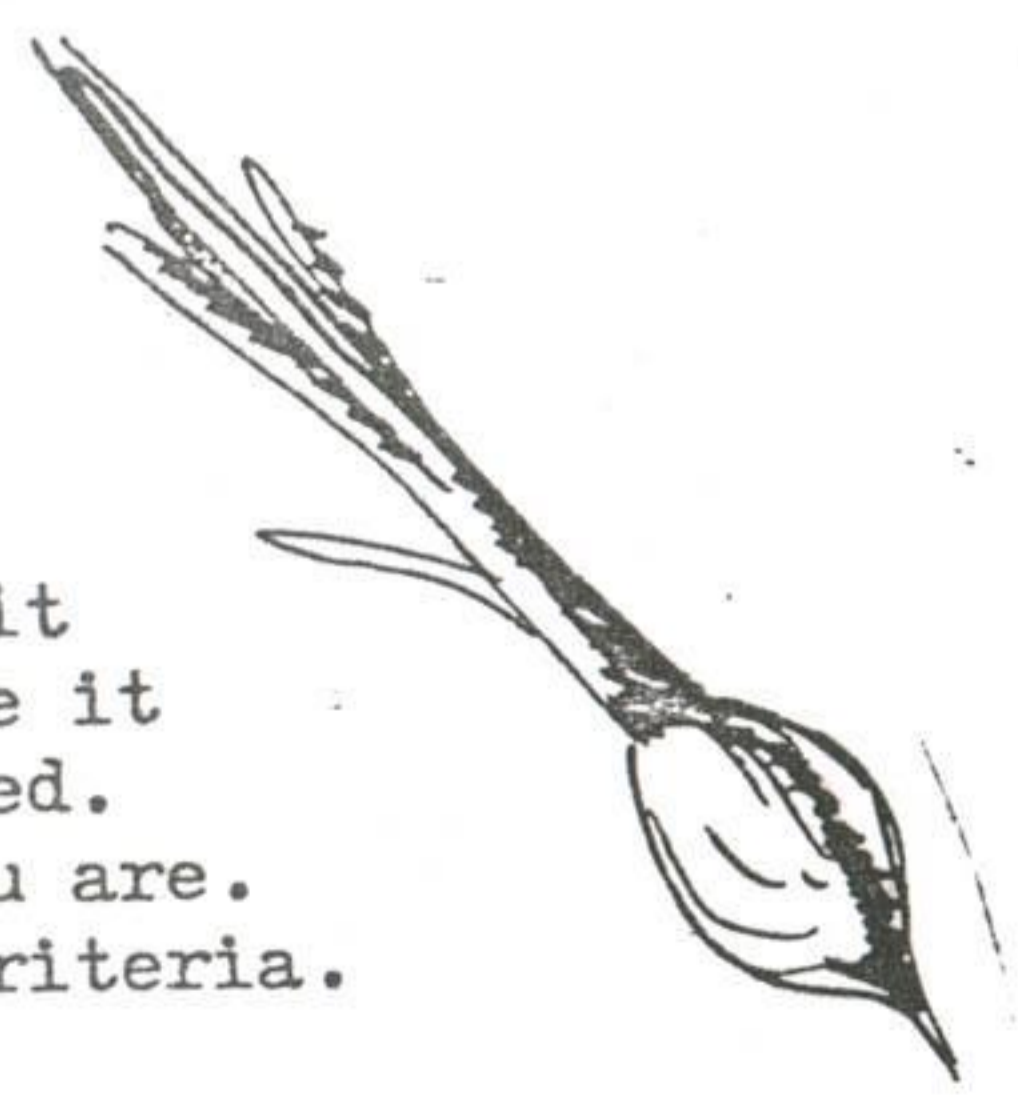

A third point I'd like to make doesn't even concern garden tools directly. It has to do with protection from the sun while doing your yard work. If you have ever suffered from heat prostration or sun stroke (or whatever you may call it), or even from a bad sunburn, I don't have to tell you how important it is to protect yourself from the sun. A hat is a must, and a shirt should also be worn except for brief periods, to avoid overexposure. Of course, frequent rest periods out of the sun (in the shade of a nearby tree, for example) will also help prevent problems. (Did I say tree?!) Your suntan may take a little longer, but you may save yourself some grief.

That about does it for now. Nothing too "heavy" or "deep" as you can see, just a few reminders to help you have a safe, happy summer. See ya next time.

ROSES & ONIONS

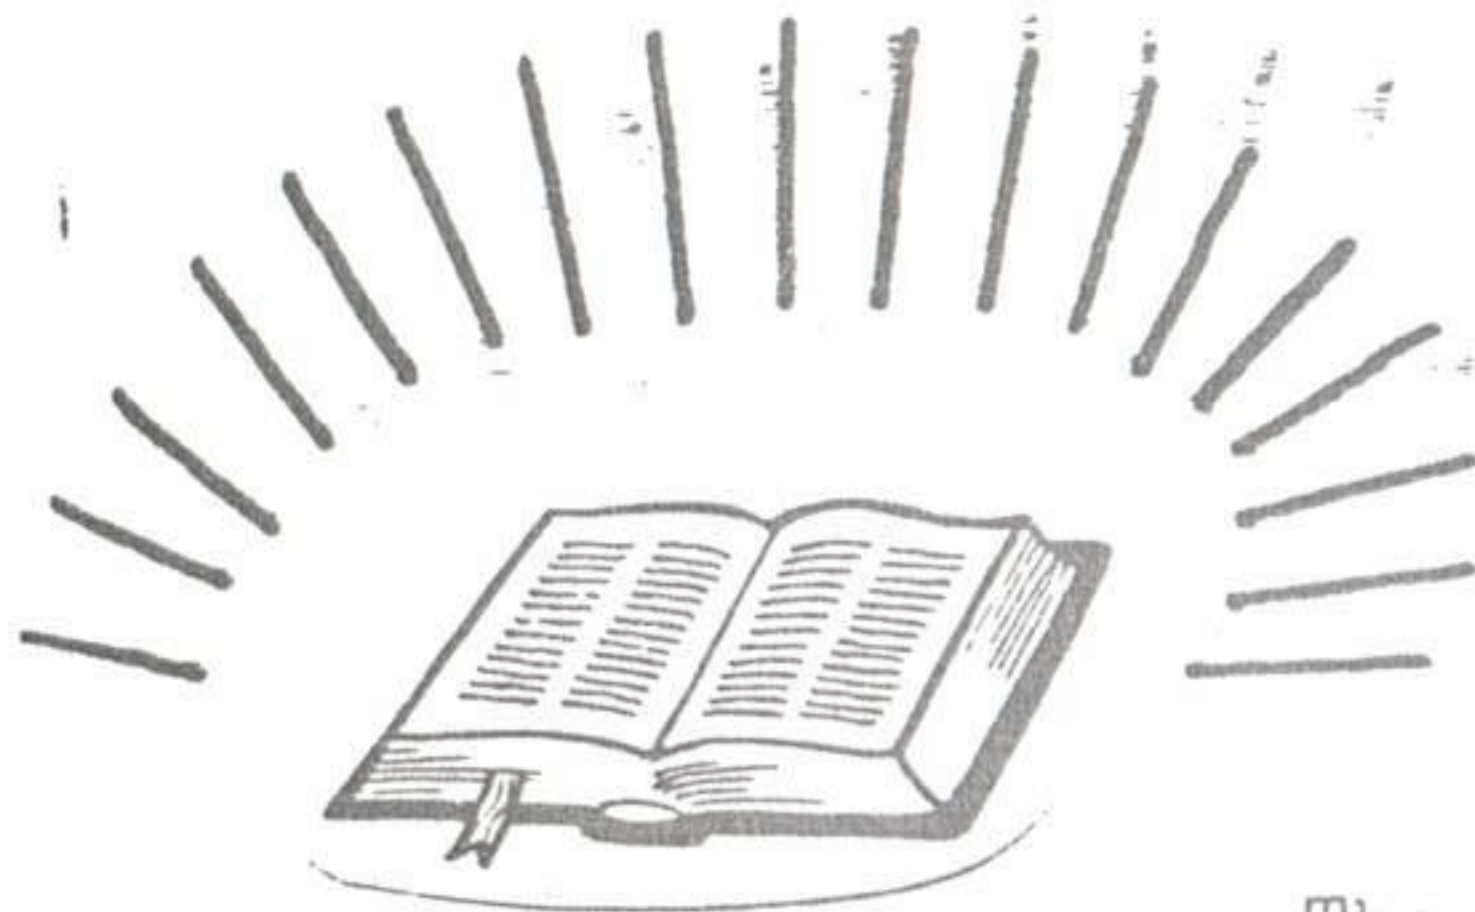

by Chief-E

Got a gripe? Want to say a special thank you? Congratulate a buddy? Put it in writing and send it to me. You can have it printed anonymously, or with your name included. Either way, you must sign it so I know who you are. Common courtesy and good taste are the only criteria. No profanity!

"A Station full of Roses to all Station personnel and families who very aptly looked after Douglas Reti when he injured his right knee. This being the second such incident a double thanks to all."

Harvey Reti.

SEARCHING THE SCRIPTURES

John 5:39

The most important place in the world is not Ottawa, Jerusalem, Washington or Mecca.

The most important place in the world is the home.

It is the first place that God instituted. It is the place where families live; where children are from birth. It is the place (for about twelve years) children come back to day after day after day. The place we return to after a night out or a holiday. Home is normally a place of great security.

Because your home is so important, so invaluable, it should be a happy place, a place of great Christian influence. It should be a place where problems are solved, not created; a place of joy, of co-operation, of working together; not a place of bickering and sorrow.

Your home can be all this and more. Just let God into your home. He will come in through your heart if you ask Him. If you have not asked him in He will not enter. In Revelations 3:20, Jesus says "Behold I stand at the door and knock. If any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me". Have you ever opened your heart's door to Jesus Christ? Jesus is the only answer to a truly happy home.

There are various movements today that are trying to destroy the home and are meeting with some success. Satan is a very powerful force. His trickery and deceitfulness is unmatched. His ministers are many and, in many cases, sincere hardworking people. Let me ask you to think about a few statistical reports. It is not necessary to give figures at this time but dwell for a moment on the reasons for the increase in the divorce rate, suicides amongst teens and young adults, runaways and the acceptance of immoral practices such as pornography and sodomy.

We are living in a day of widespread immorality and dishonesty, a day when right is wrong and wrong is right. Where does all this start? It starts from a rejection of God's word. From closing the door on Jesus! If you have not invited Jesus into your heart and life there you are partly responsible for today's dilemma. You are short-changing your children. You are helping to mould a future of degeneration. You are building a house on sand. One day the rain of ungodliness will wash your house away.

A brief illustration. We have today numerous "Rights" movements. Womens rights, childrens rights, labour rights, minority rights, equal rights and on and on. Tell me this: who will enforce these rights? Along with "rights" teaching why do we not hear of "responsibility" teaching?

If you are interested, the rights movement is not new; it is almost as old as man himself. I will leave you with this to think about: Genesis 3:5, "For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as Gods, (shall be equal) knowing (in Hebrew YADA meaning to ascertain, to judge for oneself what is right or wrong) good and evil". The Devil started the equal rights movement to break down your family. Open your door to Jesus today before it is eternally too late.

BOOKENDS

THE GODS OF FOXCROFT by David Levy

The novel begins with the relatively primitive techniques of 20th. century human cryogenics - preserving by freezing until such time as restoration is desired - and ranges some five hundred years into the far future, and a world of apparently miraculous human evolution accelerated by the consequences of ecological imbalance.

Earth has been reduced to a vast laboratory, its people survivors of carbon-saturated air that increased surface temperature, melted giant glaciers, turned land into swamp and forced population into reduced habitable areas. Observing these survivors from space are human beings whose evolution has been as startling as it was predictable centuries before. Theirs is a world of instant molecular restructuring of matter, of people without need for sleep and free of all known disease. Foxcroft is a concept as a place and is dedicated to the philosopher Nietzsche's proposition that man is something to be surpassed. Into this world come a man and woman from the 20th century, restored from their cryogenic capsule. This is their story of their awakening in a world they never made or expected.

THE PRIDE AND THE ANGUISH by Douglas Reeman

In November 1941, Lieutenant Ralph Trewin arrives at Singapore as second-in-command of the shallow draft gunboat H.M.S. Porcupine. To Trewin, still shocked from wounds received during the evacuation of Crete, the gunboat and her five elderly consorts seem to symbolize the ignorance and blind optimism he finds in Singapore. The Porcupine's captain is as unwilling as the rest to take heed of Trewin's alarm, for to him the gunboat represents his last chance.

In December, the Japanese invade Malaya and in three months Singapore. Through the misery and despair of this bloody campaign Trewin and his captain are forced to draw on each other's beliefs and weaknesses and together they weld the little gunboat into a symbol of bravery and pride.

RECREATION AND SPORTS

by Harve Reti

Involvement in aerobic recreation and proper dietary habits to enhance ones shape, body condition and health is probably the second most important decision you will make in your life time.

Healthy Body - Healthy Mind!!! ??? - not so. However it does have a bearing on your mental alertness. Let us say you have a satisfying job and a happy home. Now, to add to your enjoyment, take up some aerobic recreation and eat right!

There are so many things you can do as a family or as an individual. The cost is little, the benefits are great. The time you spend, especially with your family, will be benefits reaped over and over again through the fitness value feeling of well being and family communications.

The recreation centre is available for fitness throughout the week from 0800 to 1730 hrs., Mondays to Fridays. After hours and on weekends, although the facility is used by various clubs and activities, it is available to you the service person or dependant adult. Just ensure you are aware of the times, the proceedure for signing out the key and your responsibility as a Rec Centre user.

In addition to the usual activities in the Rec Centre, a new one has been introduced and is of commendable fitness value with social aspects on the side. The sport of roller skating, which, from all reports is a growing, glowing activity across the nation. Some companies that sell ice skates are also advertizing roller skates..

Heather Lewis has been instrumental in introducing this activity to CFS Alsask and has procured approximatly forty names of interested personnel. If you are interested and have not yet given your name to Heather Lewis, do so as soon as possible. We are tentively contemplating the use of the Rec Centre for this activity.

Skates with metal rollers, black hard rubber or any material that will damage the gym floor will not be allowed.

Rules and regulations will be drawn up and enforced by adult supervision. We are looking forward to a new, and what some call exciting, sport. Please show your interest by coming out and getting involved. This place is your place - help us keep it busy!

Come out and join in!!

LETTERS TO DEAR CRABBY

Dear Crabby,

I am developing a severe inferiority complex over recent developments in interior decorations in some sections on this unit. It seems that the Holy Landers can get carpeting not only on the floors but on the walls as well, but I must be satisfied with a concrete floor and steel walls. What can be done to balance the work area improvements more equitably?

Chronic Complainer

Dear Chronic,

Not to worry. I have it on good authority that those poor slobs can't enjoy their improvements right now any more than you can. It seems that they are kept in the dark so that they can't see their carpets anyway. So since they can't see carpets in their work area and you can't see carpet in yours, that seems pretty fair to me. Where's the imbalance in improvements?

Crabby

Dear Crabby,

On all other units where I have been posted, the MIR staff have played the heavy by closing playground sandboxes for sanitary reasons. These reasons were usually that feline or canine fecal matter was present in the sand. Yet here I find many people applying bovine fecal matter to small patches of ground to be used for the production of food. In this case the MIR staff is unusually quiet. In fact the Community Council actively promotes this practice by supplying the fecal matter. Can you explain these inconsistencies?

Bewildered

Dear Bewildered,

I can't explain it but the people who are using these patches of ground seem to swear by it. I guess there's no accounting for taste. As for the Community Council supplying it, I suppose some people are not happy unless they are slinging B3 around.

Crabby

Dear Crabby,

I have a problem that seems almost insurmountable. I have admired the plants growing in front of the JRC for a long time. They seem so much more attractive for a lawn than grass. The problem is that I have written to several seed companies sending photos of these plants in an attempt to obtain seeds to plant on my own lawn. Every one of the seed companies has informed me that these seeds are unavailable for sale to the general public. Can you help me?

Brown Thumb

Dear Brown,

I have checked with the resident horticulturalist who has informed me that it is illegal in Canada to offer for sale seeds from such plants as Pig Weed and Dandelion. But I'm sure that CE wouldn't mind if you removed seeds from their plants to put on your own lawn.

Crabby

Dear Crabby,

Who dis guy is? Make noise about run one and half mile. Sure ting he get pay by same guy what pay me. Dat guy who pay make da rule. Me try justa make little more pleasant for da peasant. You Crabby, how about tell dis noisemaker to make more work and more little noise.

Mr. Havedafun
Runadamile Inc.
Enajoyouself, Sask.
YUL AZY

Dear Mr. Havedafun,

Here it is. You told him, Buster!

Crabby

- - - - -

IT AIN'T LIKE IT USED TO BE!

Remember when HIPPIE meant big in the hips,
And a TRIP involved travel in cars, planes or ships?
When POT was a vessel for cooking things in,
And HOOKED was what Grandmother's rug might have been?
When FIX was a verb that meant mend or repair,
And BE IN meant simply existing somewhere?
When NEAT meant well-organized, tidy and clean,
And GRASS was a ground cover, normally green?
When lights, not people, were TURNED ON AND OFF,
And the PILL was what you took for a cough?
When CAMP meant to quarter outside in a tent,
And POP was the way the weasel went?
When GROOVY meant furrowed with channels and hollows,
And BIRDS were winged creatures like robins and swallows?
When FUZZ was a substance that's fluffy like lint,
And BREAD came from the bakeries, not from the mint?
When SQUARE meant a 90-degree-angled form,
And COOL was a temperature not quite so warm?
When ROLL was a bun, and ROCK was a stone,
And HANG-UP was something you did to a phone?
When CHICKEN meant poultry, and BAG meant a sack,
And JUNK trashy cast-offs and old bric-a-brac?
When JAM was preserves that you spread on your bread,
And CRAZY meant balmy, not right in the head?
When CAT was a kitten all grown up,
And TEA was a liquid you drank in a cup?
When SWINGER was someone who swung on a swing,
And a PAD was a soft sort of cushiony thing?
When WAY OUT meant distant and far, far away,
And a man couldn't sue you for calling him GAY?
When DIG meant to shovel and spade in the dirt,
And PUT ON was what you did with a shirt?
When TOUGH described meat too unyielding to chew,
And MAKING A SCENE was a rude thing to do?
Words once so sensible, sober and serious
Are making the FREAK SCENE so PSYCHEDELIRIOUS.
It's groovy, man, groovy, but English it's not.
ME THINKS THAT OUR LANGUAGE HAS GONE STRAIGHT TO POT!

FINANCIAL - SMALL LOANS AND BENEVOLENT FUND ASSISTANCE

1. The Canadian Forces Personnel Assistance Fund (CFPAF) comprises the Canadian Forces Small Loan Programme (CFSLP) and the Canadian Forces Financial Distress Programme. The Financial Distress Programme is operated in co-operation with the Royal Canadian Air Force Benevolent Fund (RCAFBF).

2. CFSLP Small loans of \$50. to \$500. are available to all members of the Canadian Forces (Regular) for any genuine purpose that will promote the well-being of members or their dependents.

3. CFSLP repayment rates may be geared from six to 24 months depending on the amount of the loan, at a service charge of \$3.00 per \$100. per year or approximately 5½% simple interest.

4. Any regular member on leave, TD, etc. away from his home unit may apply to the unit nearest him for an emergency loan.

5. If a member is on an unaccompanied posting, his dependent may make application to the loan committee where the dependent is located for assistance.

6. Applications for CFSLP small loans, Distress/Benevolent Fund Assistance, or Benevolent/Financial counselling committee:
